

Assessment Archive: Florida College Basic Skills Exit Test (Exit Test)

This assessment is no longer actively administered in Florida.

Through [s. 1008.30, F.S.](#), the 1997 Legislature made passing an exit test a condition for meeting basic college computation and communication skills requirements. As a service to the institutions offering college preparatory programs, the Florida Department of Education developed test forms and related materials to meet the requirements of the legislation. The Florida College Basic Skills Exit Test comprises subtests in writing, reading, and mathematics. Students who do not achieve passing scores on the Florida College Entrance-Level Placement Test (CPT) must pass the appropriate remedial course(s), as well as the Florida College Basic Skills Exit Test. Institutions are responsible for the administration of the exit test. This includes maintaining test security and setting test dates, length of administration time, and passing requirements.
