THE ROLE OF THE COMMISSION FOR INDEPENDENT EDUCATION

- *To serve as a consumer protection agency*

By protecting the individual student
By promoting accountability at the
independent postsecondary level

- *To protect the integrity of these
institutions*

By assuring that certain standards are
met

- *To encourage independent institutions to
offer programs that meet the needs of
Florida citizens*

EXECUTIVE SUMMARY

The Commission's Role in Implementing the Goals of the State Board of Education

Seamless articulation and maximum access

- The Office of the Executive Director of the Commission for Independent Education (Commission) completed the review of 289 applications for Annual License renewal, and the annual review of 303 License by Means of Accreditation (LBMA) applications, for non-degree and degree-granting institutions during the 2013-2014 fiscal year. The Commission also processed 61 applications for Extension of Annual License. Fifty-four (54) institutions received their first Annual License and 12 accredited institutions were granted their first LBMA. Additionally, the Commission received 216 applications for Annual License renewal, 25 applications for Extension of Annual License, 50 applications for first Annual License, 166 LBMA annual reviews, and 12 applications for first LBMA that were not completed during this fiscal year because all of the conditions for licensure had not been met.
- Fifty-eight (58) new institutional applications for a Provisional License were reviewed and submitted to the Commission during the 2013-2014 fiscal year and these institutions subsequently received a Provisional License. In addition, 72 applications for a Provisional License were reviewed but were not placed on a Commission agenda during this fiscal year because all of the conditions for approval had not been met. Commission staff also reviewed applications from collegiate institutions to create branch campuses. The applications for two branch campuses were reviewed and approved by the Commission and there were no applications for branch campuses that had not been completed during this fiscal year because all of the conditions for approval had not been met.

EXECUTIVE SUMMARY....continued

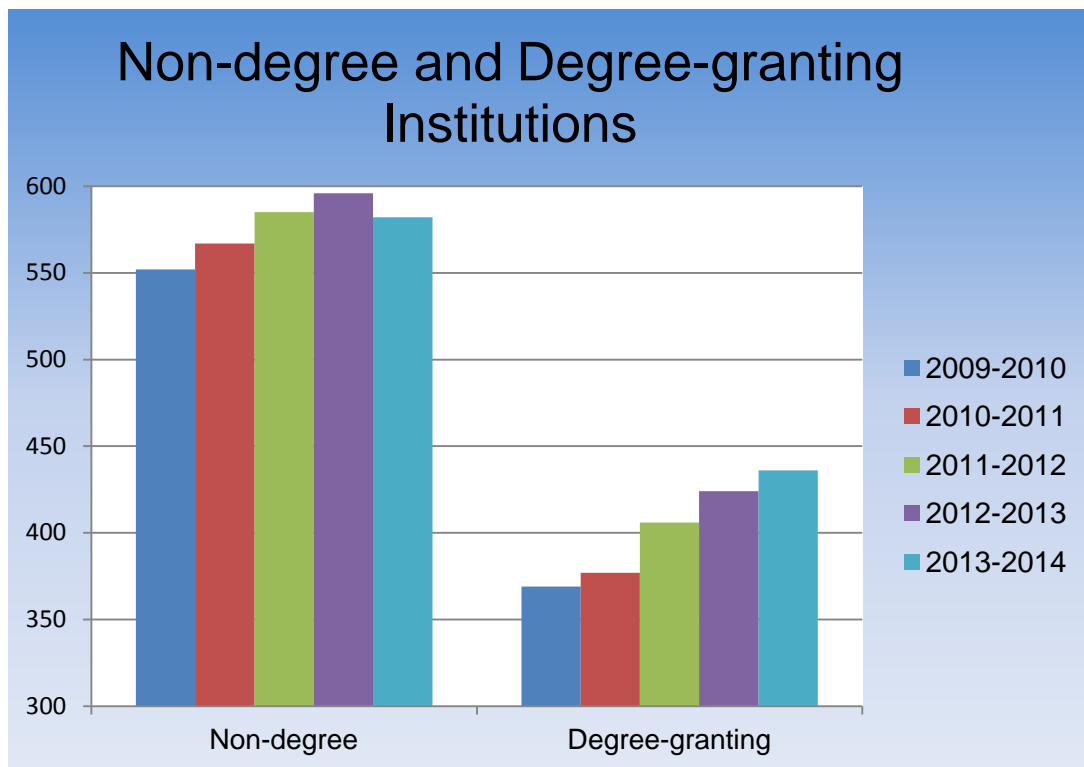

- During the 2013-2014 fiscal year, 63 licensed institutions were reported as closed and 20 licensed institutions were approved for a Change of Ownership/Change of Control. At the close of the fiscal year, a total of 23 institutions were still working on fulfilling contingencies in order to have their Change of Ownership/Change of Control approved.
- The Commission approved applications for 230 new program offerings and approved 17 modifications to existing programs during this fiscal year. In addition, the Commission's staff members reviewed 711 new program applications submitted by LBMA institutions. At the close of the fiscal year, there were 129 applications for new programs, 10 modifications to existing programs, and 349 new LBMA programs that were not completed because all of the conditions for approval had not been met.
- Four hundred thirty-six (436) degree-granting institutions are under the jurisdiction of the Commission. The total reported enrollment for the degree programs during FY 2012-2013 (the last complete reporting period) was 221,211 with 56,409 reported graduates. Currently, 356 (82%) of these degree-granting institutions are accredited by one or more regional or national accrediting agencies.

[NOTE – Some of these 436 institutions offer both non-degree and degree programs]

- A total of 582 licensed institutions offer only non-degree programs. The 2012-2013 reported enrollment for all non-degree programs was 65,945, with 38,912 reported graduates. Of these graduates, 28,642 (74%) were placed in jobs, joined the military, or are continuing their education at an institution of higher learning. Currently, 169 (29%) of the licensed, non-degree institutions are accredited by one or more regional or national accrediting agencies.

EXECUTIVE SUMMARY....continued

- The following chart illustrates the number of degree-granting institutions and non-degree schools licensed by the Commission for Independent Education during the last five fiscal years.

Skilled workforce and economic development

- The Commission has been sharing institution licensure information with staff members from the Florida Department of Veterans Affairs' Bureau of State Approving for Veteran's Training, the Department of State's Division of Corporations, and the Department of Education's Office of Student Financial Assistance. These exchanges are part of an ongoing effort by the Commission staff to become more involved with any agency that may have an impact on the Commission and the institutions under its jurisdiction.

EXECUTIVE SUMMARY....continued

- For the twenty-third year, Commission staff worked with the Florida Education and Training Placement Information Program (FETPIP) to track the placement of graduates of independent non-degree and degree-granting institutions. This fiscal year, 42 non-degree institutions and 98 degree-granting institutions agreed to voluntarily participate in this data collection effort. The participating institutions submitted graduate data via the Commission's FETPIP Data Collection Web Page. These institutions submitted information on a total of 39,362 students who graduated during the previous fiscal year (2012-2013). This spring, FETPIP attempted to match the student records with employment data in order to verify each graduate's employment status and occupational industry. A report of this information, aggregated on a program-by-program basis, will be sent in December 2014 to each participating institution.
- Commission staff members continue to supply data regarding independent colleges and universities (and their degree-based programs of study) to the Florida Virtual Campus website (<http://www.flvc.org>). This site supplies an online computer software application that is used by students throughout Florida to plan for, and to monitor the progress of, their postsecondary education at participating Florida institutions.
- The Commission annually supplies information about all licensed degree-granting institutions to the Department of Education for listing in the *Florida Counseling for Future Education Handbook*.
- The Commission has submitted data concerning licensed institutions and the programs they offer to the Department for Economic Opportunity. These data are to be included in the Eligible Training Provider List (ETPL). The ETPL is used by Regional Workforce Development Boards to determine which institutions offer training programs that lead to the occupations that are contained within each Regional Demand Occupations List.

EXECUTIVE SUMMARY....continued

- Commission staff members work with the DOE's Community College and Technical Center MIS staff to continuously update the common set of Classification of Instructional Programs (CIP) codes used by Florida's public and nonpublic postsecondary education sectors. This taxonomy allows programmatic offerings from both the public and private vocational education sectors to share common CIP codes and CIP titles, where possible, and to have distinct CIP codes and CIP titles when necessary. In addition, each of these programs is "linked" to an occupational outcome using the codes found in the Standard Occupational Classification Manual. These linkages are used by the Department of Economic Opportunity and the Regional Workforce Development Boards to identify which institutions offer training programs that lead to occupations included on each Regional Demand Occupations List.
- The Commission staff has been meeting with staff members from the state agencies that are responsible for the licensure of individuals who enter certain professions. Since institutions under the Commission's jurisdiction offer many of these programs of study, the Commission continues to exchange data with these other agencies in an attempt to develop uniformity between the standards that govern the licensing of institutions, the regulations for licensing professionals, and the rules governing the practice of a profession. Some of these regulatory groups are: The Florida Department of Health's Board of Acupuncture, Board of Massage Therapy, Board of Nursing, Board of Dentistry, Board of Pharmacy, the Bureau of Emergency Medical Services, the Florida Council of Licensed Midwifery, and the Electrolysis Council; the Department of Business and Professional Regulation's Board of Cosmetology; the Department of State's Bureau of Licensing; and the Department of Transportation.

EXECUTIVE SUMMARY....continued

Quality efficient services

Records

All applications, forms, correspondence, and other materials submitted to the Commission are considered public record under the Public Records Law. These documents are available to the public at the Commission office located at 325 West Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400. The retention schedule for these records is three (3) years. In addition, student records from closed institutions are permanently stored (in electronic form) at the Commission's office.

Annual Report

Section 1005.22, Florida Statutes, requires the Commission for Independent Education to prepare an Annual Report of its activities. This report is sent to the Commissioner of Education for submission to the State Board of Education. Additional copies are submitted to the Governor, the Speaker of the House of Representatives, the President of the Senate, the Minority Leader of the Senate, and the Minority Leader of the House of Representatives.

Meetings

The Commission meets bimonthly, usually in the months of January, March, May, July, September, and November. All meetings of the Commission, and any of its committees, are open to the public. Advance notice of these meetings is always given through the Florida Administrative Weekly. The Commission maintains official minutes of its proceedings, an audio tape recording of every meeting, and has a video record of the meetings that are webcast.

EXECUTIVE SUMMARY....continued

Each Commission member receives the meeting agenda before each meeting as an automated document (on CD). The CD contains “links” to images of all of the documentation pertaining to each agenda item. This “automated agenda” also allows each Commission member to enter comments, for future reference, directly onto their copy of the electronic document.

The Commission conducted the first webcast of a Commission Meeting in March 2005. The Commission has now webcast all of the regular meetings since the beginning of the 2006-2007 fiscal year and is planning to continue to webcast all of the Commission meetings during the 2014-2015 fiscal year.

Institutional Database

In accordance with section 1005.22(1)(i), Florida Statutes, the Commission shall serve as the central agency for the collection and distribution of current information regarding the institutions under its jurisdiction. These data may include, but are not limited to, information such as: the institution’s administration; the length of all programs; student costs; student enrollment; number of graduates and graduate placement (in accordance with section 6E-2.004(10)(e), Florida Administrative Code); student demographics; the date of licensure and next annual license renewal; and the institution’s street address and phone number. Other information is collected in response to specific needs or inquiries. All of these data have been incorporated into the Commission’s Information Management System (CIMS).

The design elements of the CIMS have now expanded to include all the various “systems” that the Commission uses to manage and present information. These systems include the Commission’s database, website (www.fldoe.org/cie/), and automated agenda. In addition the Commission employs automated e-mail messaging (including videos), electronic presentations (i.e. PowerPoint), and the coordinated development of office processes and procedures to support the automated data management system.

EXECUTIVE SUMMARY....continued

On-site Visitations

The CIMS continues to be used to schedule all of the Commission's on-site visits to licensed institutions. As on-site visits are requested by the Commission, an interface with the Google Earth software application is used to locate any other licensed institutions in the selected area. The requisite information for all institutions that are selected for an on-site visit is then transmitted, via the Internet, to the Commission's Institution Evaluators in the field.

Commission for Independent Education's staff members conducted 644 on-site visitations to schools, colleges, and universities under the Commission's jurisdiction during the 2013-2014 fiscal year. These visits were carried out to evaluate an institution in terms of physical facilities, student records and student record storage, on-site equipment and supplies, instructional and administrative personnel, the institution's catalog and student contract, class schedules, academic programs, tuition charges, placement and counseling services, agents' licenses, faculty qualifications, and advertising policies.

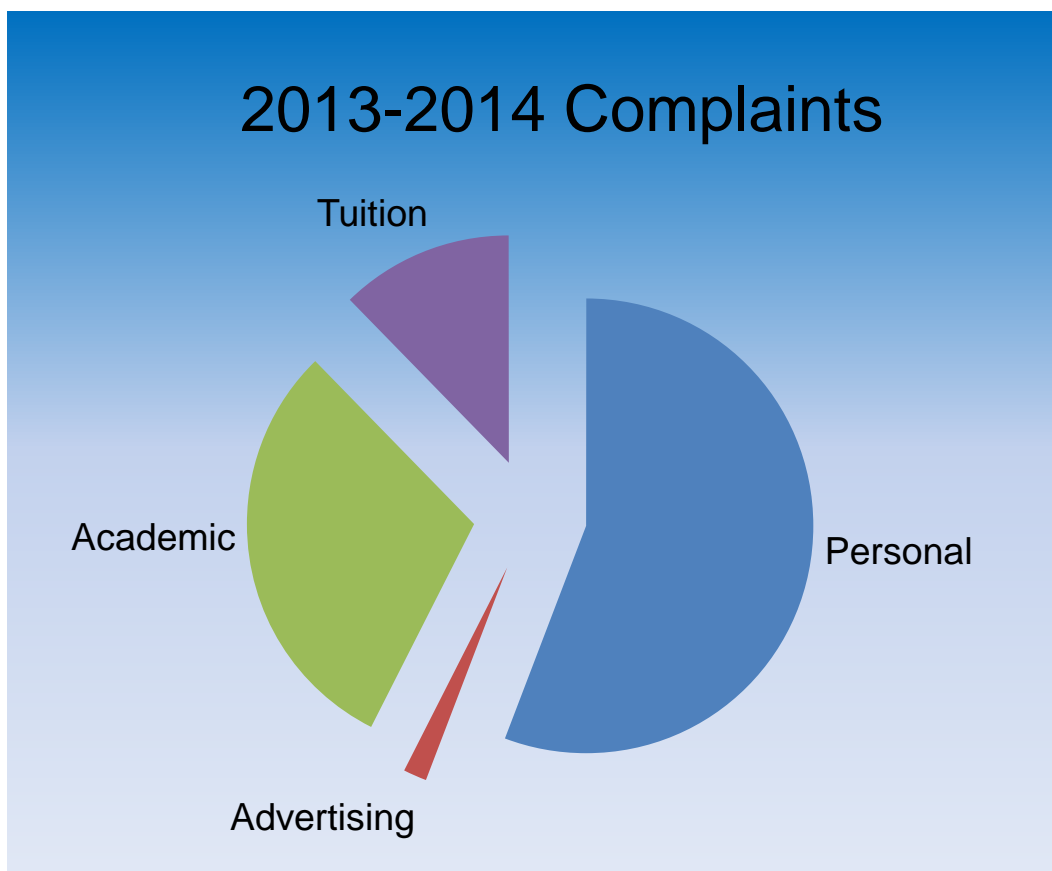

Consumer Services

Commission staff members received over 1,000 calls per month on the toll-free phone line from individuals seeking information about nonpublic postsecondary educational institutions in Florida.

The Commission investigates complaints about institutions under its authority in order to ascertain whether or not legitimate deficiencies exist. All allegations that are received by the Commission concerning any of these issues are referred to the Consumer and Compliance Services Section in order to ascertain if there has been a violation of the Commission Rules or of pertinent sections of the Florida Statutes.

EXECUTIVE SUMMARY....continued

During the 2013-2014 fiscal year, 341 consumer complaints were received in the Commission's office. These complaints can be grouped in the following areas: 5 - institutional advertising; 91 - academic matters; 37 - tuition, refunds and other costs; and 168 - personal problems.

The Commission also sent 36 Letters of Noncompliance to entities that appeared to be operating a school or college without a license. Each organization that is contacted is expected to cease the cited activity, and to apply for and obtain a Provisional License from the Commission, if it cannot show that its activities legitimately fall outside the Commission's jurisdiction.

EXECUTIVE SUMMARY....continued

Annual Budget

An annual budget must be approved by the Commission and submitted to the Legislature by the Florida Department of Education. The budget allocation was \$3,875,390.00 for the 2013-2014 fiscal year. The following figures enumerate the allocations and expenditures, by category, for the Commission for Independent Education's Institutional Assessment Trust Fund.

Annual Budget by Category

Allocations for FY 2013-2014

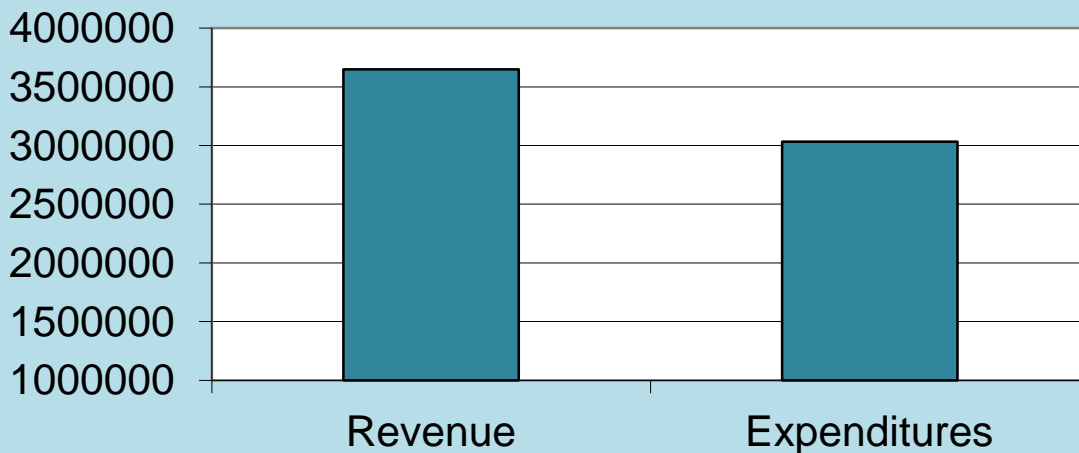

Salaries	\$2,374,645.00
Other Personal Services	\$ 96,681.00
Expenses	\$ 774,278.00
Operating Capital Outlay	\$ 16,375.00
Special Items	\$ <u>613,330.00</u>
(contracted services/ data processing, refunds, etc.)	
Total	\$3,875,309.00

Expenditures for FY 2013-2014

Salaries	\$2,125,547.81
Other Personal Services	\$ 96,681.00
Expenses	\$ 380,093.16
Operating Capital Outlay	\$ 0.00
Special Items	\$ <u>429,616.20</u>
(contracted services/ data processing, refunds, etc.)	
Total	\$3,031,938.17

EXECUTIVE SUMMARY....continued

Revenue vs Expenditures for 2013-2014

This year's expenditures (\$3,031,938.17) were paid by the revenue that is collected from licensed institutions for licensure fees, program additions, program modifications, agent fees, late fees, other fees, and fines. At the time of publication, \$3,648,044.87 has been received from all of these revenue sources and was deposited into the Institutional Assessment Trust Fund. As part of the total revenue collected, there was also \$233,176.48 received in Student Protection fees, from the non-degree schools, which was deposited into the Student Protection Trust Fund.

Note - The most current data were used at the time of publication. Because of time constraints related to the date of publication, the figures used in this report may not represent the entire fiscal year.

COMMISSION MEETINGS

The Commission for Independent Education meetings were held at the following locations during the 2013-2014 fiscal year:

July 16, 2013

Orlando Marriott Lake Mary
1501 International Parkway
Lake Mary, Florida 32746

January 8, 2014

Mission Inn Resort & Club
10400 County Road 48
Howey-In-The-Hills,
Florida 34737

September 10, 2013

Mission Inn Resort & Club
10400 County Road 48
Howey-In-The-Hills,
Florida, 34737

March 27, 2014

Mission Inn Resort & Club
10400 County Road 48
Howey-In-The-Hills,
Florida 34737

November 20, 2013

Mission Inn Resort & Club
10400 County Road 48
Howey-In-The-Hills,
Florida 34737

May 29, 2014

Mission Inn Resort & Club
10400 County Road 48
Howey-In-The-Hills,
Florida 34737

COMMISSION MEMBERS

From July 1, 2013 until May 29, 2014, the following individuals served as members of the Commission for Independent Education:

Nancy Bradley, Chair
Daytona College
415 South Nova Road
Ormond Beach, Florida 32174
(386) 267-0565

Lynn Mulherin, Vice-Chair
University of Phoenix
2290 Lucien Way
Suite 100
Maitland, Florida 32751
(407) 712-1466

Peter Crocitto, Chair Emeritus
Keiser Collegiate System
1900 West Commercial Blvd.
Suite 180
Ft. Lauderdale, Florida 33309
(954) 776-4476

Sam Lauff
Community Education
9057 Southeast 72nd Avenue
Ocala, Florida 34472
(352) 867-0372

Ernesto Perez *

Dade Medical College
3401 Northwest 7th Street
Miami, Florida 33125
(305) 644-1171

Levi Williams, Esq.
Law Offices of Levi Williams, P.A.
600 South Andrews Avenue
Suite 600
Ft. Lauderdale, Florida 33301
(954) 629-9587

Dr. Gene A. Youngblood
Conservative Theological University
12021 Old St. Augustine Road
Jacksonville, Florida 32258
(904) 262-8275

* Resigned October 2013

COMMISSION MEMBERS....continued

From May 29, 2014 until June 30, 2014, the following individuals served as members of the Commission for Independent Education:

Nancy Bradley, Chair
Daytona College
415 South Nova Road
Ormond Beach, Florida 32174
(386) 267-0565

ANNUAL LICENSES SENT

The Commission, through the Office of the Executive Director, monitors the activities of each licensed school, college and university. One way the Commission accomplishes this is through the examination of each non-degree or degree-granting institution's application for a first Annual License or a renewal of Annual License. These reviews monitor information pertaining to any changes in the program offerings and curriculum, cost of tuition, institutional policies, institutional administration, institutional ownership and control, administrative staff, and instructional personnel. These schools, colleges and universities provide annual information that pertains to enrollment, withdrawals, and graduates for each program of study. Licensed institutions also supply statistical data on the composition of the student population. Any licensed school that offers non-degree programs is required to submit Student Protection Fund fees. In addition, Commission staff members annually review any financial documents that are required, the applicable contracts/enrollment agreements, and the institutional catalogs.

Two hundred eight-nine (289) non-degree schools and degree-granting colleges and universities completed a review of Annual License during the 2013-2014 fiscal year. There were also 54 institutions that received their first Annual License during this time period. Two hundred sixteen (216) reviews of Annual License and 50 applications for first Annual License were received but were not completed during this fiscal year due to deficiencies in the institution's submission.

NOTE: A listing for a degree-granting institution may include multiple campuses of that institution.

EXTENSIONS OF ANNUAL LICENSES

The Commission has the authority, under section 1005.31(7), Florida Statutes, to extend an Annual License for an additional year for those institutions that meet certain conditions. During the 2013-2014 fiscal year, the Commission granted 61 applications for Extension of Annual License. There were also 25 applications for Extension of Annual License that were received but not completed during this fiscal year due to deficiencies in the institution's submission.

The following institutions received an Extension of Annual License:

NOTE: A listing for a degree-granting institution may include multiple campuses of that institution.

INSTITUTIONS THAT HOLD LICENSURE BY MEANS OF ACCREDITATION

The authority to grant the institutional status of Licensure by Means of Accreditation (LBMA) was included in the statutory amendments approved by the Florida Legislature in 2002 (section 1005.32, Florida Statutes). Those institutions, which are accredited by accrediting agencies that have been approved by the Commission, are granted licenses which are valid for the same period as their current grant of accreditation. In the first year of the approval of their LBMA application by the Commission, these institutions are granted the Licensure by Means of Accreditation status. In order to maintain LBMA licensure status for each remaining year of their grant of accreditation, these institutions must submit an LBMA application for annual review to the Commission for Independent Education. In 2013-2014, 12 institutions were granted their first LBMA credential. In addition, the Commission conducted an annual review of 303 institutions that are currently holding Licensure by Means of Accreditation. One hundred sixty-six (166) LBMA annual reviews and 12 applications for a first LBMA were received but were not completed during this fiscal year due to deficiencies in the institution's submission.

The Office of the Executive Director issued Licensure by Means of Accreditation to the following institutions during the 2013-2014 fiscal year:

NOTE: A listing for a degree-granting institution may include multiple campuses of that institution.

ON-SITE VISIT REPORTS SUBMITTED

During the 2013-2014 fiscal year, the staff of the Commission for Independent Education conducted 644 on-site visitations to institutions under its jurisdiction (Note - a school or college may be visited more than one time). These visits are carried out in order to evaluate the institution's compliance with the Commission's Twelve Standards (section 6E-2.004, Florida Administrative Code). These standards include, but are but not limited to, physical facilities, student records storage, on-site equipment and supplies, instructional and administrative personnel, current catalog, student contracts, class schedules and program offerings, tuition charges, placement and counseling services, licensing of agents, faculty qualifications, and advertising policies.

The institutions that received on-site visits during 2013-2014 are as follows:

Institution Name	City
123 Bartending School	Orlando
5 Star Training Center	North Miami Beach
A Beauty School of Tampa, Inc.	Tampa
A-1 Healthcare Academy, Inc.	New Port Richey
Ability Career Institute	Port St. Lucie

STUDENT RECORDS RETAINED BY THE COMMISSION

Each year, the Commission for Independent Education receives student records from schools, colleges, and universities that have ceased operations. These student records are optically scanned and placed on the DOE network's hard drives for permanent storage. Those records are then maintained for the future servicing of student records requests.

During this fiscal year, 47,358 student records that were retained by the Commission as hard copies have been transferred to electronic storage media (there are now approximately 2,150,000 images stored by the Commission). The Commission staff also sent out 1610 sets of images of these documents to the students from these closed institutions who requested copies of their academic records.

Hard copy student records from the following institutions were received by the Commission during this fiscal year:

Institution Name	City
Academy of Hair Design West, Inc.	New Port Richey

2014 LEGISLATIVE SUMMARY

The 2014 Florida Legislature passed three acts of legislation that affect the Commission's licensed institutions. Detailed information about each of these laws can be found at the legislature's website (www.leg.state.fl.us).

● SB 524 - Relating to Sexually Violent Predators

BRIEF SUMMARY

Amends section 1005.10, Florida Statutes, to require that an institution licensed by the Commission for Independent Education must inform students and employees at orientation and on its website of the existence of the Department of Law Enforcement's sexual predator and sexual offender registry website as well as the toll-free telephone number that gives access to sexual predator and sexual offender public information.

PERTINENT SECTIONS

[Deletions are ~~strike-throughs~~, additions are underlined].

"Section 3. Section 1005.10, Florida Statutes, is created to read:
1005.10 Sexual predator and sexual offender notification; nonpublic colleges, universities, and schools. -Each nonpublic college, university, and school shall inform students and employees at orientation and on its website of the existence of the Department of Law Enforcement sexual predator and sexual offender registry website and the toll-free telephone number that gives access to sexual predator and sexual offender public information pursuant to s. 943.043."

EFFECTIVE DATE

July 1, 2014

2014 LEGISLATIVE SUMMARY....continued

● SB 1036 - Relating to Nursing Education Programs

BRIEF SUMMARY

This legislation requires the staff of the Commission for Independent Education to monitor the implementation of the numerous sections of this law. The new legal requirements that affect licensed institutions include, but are not limited to, the following:

- Mandating an examination prep course that must be completed by graduates of approved programs that do not take the National Council Licensure Examination (NCLEX) within 6 months of graduation;
- Requiring that all clinical training must occur in the United States, its possessions or territories;
- Allowing institutions to increase the use of simulations in clinical training up to 50%;
- Stating that students transferring from an approved program, at an institution that is under the Commission for Independent Education, which has been terminated by the Board of Nursing shall not have their NCLEX scores included in the pass rate of the institution that accepts the transfer of these students; and
- Mandating that all nursing education programs must be accredited (in accordance with section 464.003, Florida Statutes) by July 1, 2019 or within five years after first enrolling students.

PERTINENT SECTIONS

[Deletions are ~~strike-throughs~~, additions are underlined]

“Section 2. Subsection (4) is added to section 464.008, 61 Florida Statutes, to read:

464.008 Licensure by examination. –

2014 LEGISLATIVE SUMMARY....continued

(4) If an applicant who graduates from an approved program does not take the licensure examination within 6 months after graduation, he or she must enroll in and successfully complete a board-approved licensure examination preparatory course. The applicant is responsible for all costs associated with the course and may not use state or federal financial aid for such costs. The board shall by rule establish guidelines for licensure examination preparatory courses....

Section 4. Section 464.019, Florida Statutes, is amended to read:

464.019 Approval of nursing education programs.-

(1) PROGRAM APPLICATION APPLICATIONS.-....

(b) The program's nursing major curriculum consists of at least:

1. Fifty percent clinical training in the United States, the District of Columbia, or a possession or territory of the United States for a practical nursing education program, an associate degree professional nursing education program, or a professional diploma nursing education program.

2. Forty percent clinical training in the United States, the District of Columbia, or a possession or territory of the United States for a bachelor's degree professional nursing education program.

(c) No more than 50 25 percent of the program's clinical training consists of clinical simulation....

(5) (6) ACCOUNTABILITY.-....

(d) If students from a program that is terminated pursuant to this subsection transfer to an approved or an accredited program under the direction of the Commission for Independent Education, the board shall recalculate the passage rates of the programs receiving the transferring students, excluding the test scores of those students transferring more than 12 credits.....

2014 LEGISLATIVE SUMMARY....continued

(11) ACCREDITATION REQUIRED.-

(a) A nursing education program that prepares students for the practice of professional nursing, that was approved under this section before July 1, 2014, and that enrolled students before July 1, 2014, must become an accredited program by July 1, 2019.

(b) A nursing education program that prepares students for the practice of professional nursing and that was approved under this section before July 1, 2014, but did not enroll students before that date, must become an accredited program within 5 years after the date of enrolling the program's first students.

(c) A nursing education program that prepares students for the practice of professional nursing and that is approved under this section after June 30, 2014, must become an accredited program within 5 years after the date of enrolling the program's first students.

(d) This subsection does not apply to a nursing education program provided by an institution that is exempt from licensure by the Commission for Independent Education under s. 1005.06(1)(e)."

EFFECTIVE DATE

July 1, 2014

● **HB 7015 - Relating to Military and Veteran Support**

BRIEF SUMMARY

This legislation expands the "Educational Dollars for Duty" program, which supplies student financial assistance for members of the Florida National Guard, to include all institutions licensed by the Commission for Independent Education. This educational assistance may now also be used to train for industry certifications and for continuing education.

2014 LEGISLATIVE SUMMARY....continued

PERTINENT SECTIONS

[Deletions are ~~strike-throughs~~, additions are underlined]

“Section 1. Subsections (7) and (8) of section 250.10, 95 Florida Statutes, are amended to read:

250.10 Appointment and duties of the Adjutant General.-

(7) The Adjutant General shall develop an education assistance program for members in good standing of the Florida National Guard who enroll in an authorized course of study at a public or nonpublic postsecondary institution or technical center ~~of higher learning~~ in the state which has been accredited by an accrediting body recognized by the United States Department of Education or licensed by the Commission for Independent Education. Education assistance also may be used for training to obtain industry certifications approved by the Department of Education pursuant to s. 1008.44 and continuing education to maintain license certifications. ~~The education assistance~~ This program shall be known as the Educational Dollars for Duty program (EDD).”
