SUBJECT: Approval of District Turnaround Option Selections

PROPOSED BOARD ACTION

Approve turnaround options submitted by school districts on behalf of failing or persistently low performing schools for potential implementation in 2014-15.

AUTHORITY FOR STATE BOARD ACTION

Section 1008.33, Florida Statutes

EXECUTIVE SUMMARY

In the first full school year after a school declines to a grade of "F," or earns a grade of "F" or "D" followed by a grade of "D," (i.e., FD or DD), the school district must select a turnaround option for that school. The turnaround options available to a school district are district managed turnaround, closure, charter, external operator and hybrid.

Turnaround option selection forms (TOP-1) have been submitted to the Department for 123 schools in 24 districts. Of these schools, 122 are elementary, middle or combination schools that will be required to implement the option in 2014-15 if their 2013-14 school grades do not improve; the remaining school is a high school that is required to implement in 2014-15 based on its 2012-13 school grade failing to improve.

The full implementation plans (Form TOP-2) for the selected turnaround options will be submitted to the State Board for approval in September 2014 after 2013-14 school grades are released.

1. Convert the school to a district-managed turnaround school [DMT]
2. Reassign students to another school and monitor the progress of each reassigned student [Closure]
3. Close the school and reopen the school as one or more charter schools... [Restart]
4. Contract with an outside entity... [Restart]
5. Implement a hybrid of turnaround options set forth in subparagraphs 1.-4. or other turnaround models that have a demonstrated record of effectiveness. [Hybrid]

**Hillsborough County has opted for this school to receive a School Improvement Rating for 2013-14, which will nullify the turnaround requirement under s.1008.33, which is required for graded schools only.*

***Due to lagging data in the high school grading formula, this school will not receive a grade for 2013-14 until December 2014, meaning it is required to implement turnaround in 2014-15 based on its 2012-13 school grade.*

Note: TOP-1 forms with "submitted electronically" on the signature line were generated from the online School Improvement Grant 1003(g) proposal, which includes selection of a turnaround model for each school. FDOE has on file a Form 100A signed by the superintendent for each of these schools, noting approval of proposal.
