SUBJECT: AS to BS Articulation Agreements - Quick Survey

The division requests your assistance in gathering information related to Associate in Science (AS) articulation agreements. In collaboration with the Office of Articulation, the Division of Career and Adult Education, and the Office of the Board of Governors, the DFC is reviewing the existing statewide AS-to-baccalaureate articulation agreements. We are in the process of determining which articulation agreements need to be updated, and would like to explore if there is a need to create new statewide agreements.

To that end, we are conducting an environmental scan of local agreements between state colleges and state universities. We would appreciate your assistance by completing a very short survey about local AS articulation agreements here: <https://www.research.net/r/fcsasarticulation>

Please submit your institution's responses by **Friday, October 2, 2020**. We request that all institutions complete the survey, even if you don't currently have existing local agreements. We will plan to share an update at the October CIA/CSA/CWE.

Thank you for your assistance! If you have any questions, please contact Katie Grissom, Deputy Director of Academic Affairs, at katie.grissom@fldoe.org.
