**MEMORANDUM**

**TO:** District School Superintendents

**FROM:** Linda Champion

**DATE:** June 13, 2017

**SUBJECT: June 2016-17 Full-Time Equivalent (FTE) Student Survey Information**

This document is intended to assist school districts in reporting FTE students as required by section 1011.62(1)(a), Florida Statutes (F.S.).

The 2016-17 Florida Education Finance Program (FEFP) June FTE student survey is scheduled for the week of June 12-16, 2017. The FTE student data from this survey will be used in the final calculation of the 2016-17 FEFP. Please see the attached schedule of cost factors and program numbers for the 2016-17 fiscal year and the schedule of reporting deadlines.

**“Date Certain” for all schools in all school districts is Friday of survey week.** “Date certain” is the specific time for setting student schedules on the local student course record and is used for reporting the *FTE Reported, Course* data element.

**General Information**

Please refer to the [2016-17 FTE General Instructions](#) for assistance with student eligibility, reporting criteria, instructions for the Automated Student Information System and reporting deadlines. **Significant changes for 2016-17 are identified on page v of the instructions.** The system cut-off date for reporting June survey data is Thursday, August 31, 2017. All database input must be complete as of this date. **It is important that validation reports be requested after the last data submission and all FTE student data in error be corrected before certification.** The attached form letter, which certifies the June 2017 **reported** FTE student data, must be signed by

Linda Champion  
Deputy Commissioner, Finance and Operations

the superintendent or designee and submitted to the Bureau of School Business Services no later than **Thursday, September 7, 2017**. The unweighted reported FTE student totals provided in this letter must match the totals reported in the database as of the system cut-off date. **Districts should use FTE Report 05.108 to verify FTE student data recorded in the database for use in the certification letter.** The information in this letter will be compared with the Florida Department of Education's (FDOE) report to ensure that accurate information is used in the FTE student data recalibration. Please note that only reported FTE student data should be provided in the FTE student data certification letter.

### **FTE Student Data to be Reported**

The following programs may operate for more than the 180-day regular school year, or hourly equivalent, and may report the associated FTE for funding: programs in Florida Department of Juvenile Justice (DJJ) facilities, Juveniles Incompetent to Proceed programs, Florida Virtual School (FLVS) part-time instruction, or credit recovery in virtual instruction programs and virtual charter schools. Students attending DJJ facilities are funded for a 230- to 250-day school year. Other prekindergarten through grade 12 courses offered beyond the regular school year are funded through the Supplemental Academic Instruction and Reading Program allocations. Although funding for such courses does not depend on reported FTE student data, districts are still required to report summer non-funded FTE student data in the Automated Student Information System so associated statistical reports can be generated.

In addition to the FTE student data for programs that operate for more than 180 days or the hourly equivalent, the FTE student data for credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in section 1011.62(1)(c), F.S., should be reported in the June survey for the following programs: school district virtual instruction programs (section 1002.45, F.S.), school district virtual course offerings (section 1003.498, F.S.), virtual charter school programs (section 1002.33, F.S.), FLVS full-time programs (section 1002.37(8), F.S.), franchises of the FLVS (section 1002.37(4), F.S.) and FLVS courses delivered on a public school campus (section 1002.37(3)(d), F.S.). Students who successfully complete a virtual instruction course should be reported in the June survey. A virtual instruction course that is not successfully completed should be reported in the June survey with *FTE Reported, Course* equal to 0.0000.

### **Exceptional Student Education (ESE) Student Record**

With the exception of students in the John M. McKay Scholarships for Students with Disabilities Program, the FTE student records of students receiving ESE services (FEFP program numbers 111, 112, 113, 254 and 255) must have a matching ESE student record to generate funding under the FEFP.

**Classroom Identification, Florida Inventory of School Houses (FISH) Number**

To generate funding under the FEFP, each teacher course record for courses taught in a school district classroom in surveys 2 and 3 must contain a valid classroom identification FISH number that matches a number on the FISH file.

Reports 60.021 (Supplemental FTE Data File List) and 71.411 (Supplemental Bonus FTE) are available upon request. Report 60.021 provides data regarding the Florida Department of Children and Families; report 71.411 provides data regarding the Florida Advanced Placement, International Baccalaureate, Advanced International Certificate of Education and Early High School Graduation programs. School districts can use these reports to verify the FTE in these programs.
