Slide 1	Share with participants: This module will give you the opportunity to review data in order to help teachers provide appropriate instruction for students.
Slide 2 <b>Handouts 19-20</b>	Data is the focus of this module. The protocol is just a suggested framework and guideline that will promote a productive group discussion. The use of a structured dialogue format provides an effective technique for managing the discussion and maintaining the focus.
Slide 3	Ask participants to reflect on the questions presented on the slide. Ask them to discuss in whole group.
