SCHOOL BUS BID #2015-01 ORDERING INSTRUCTIONS

1. PURCHASE ORDER (P.O.) DEADLINES

For units ordered by December 31, 2015, the required delivery date will be 240 days from the date the bidder and/or bidder's representative(s) receives the district's P.O. after processing by the Florida Department of Education (FDOE).

For example, if the FDOE School Transportation Management Section (STMS) forwards a district P.O. to a bidder on December 28, 2014, the required delivery date will be August 25, 2015. The required delivery date will be clearly specified on the FDOE cover sheet transmitted to the bidder with the district P.O.

The purchasing school district may request that the unit(s) ordered not be delivered prior to a specified date. This request must be clearly indicated on the P.O. and a note to this effect will also be included on the FDOE's cover sheet.

P.O. received by STMS:	Date of award through December 31, 2015
Complete bus delivered or ready for pickup (guaranteed by performance bond):	Within 240 days

P.O.s may be mailed, scanned and sent by e-mail to Terri.Egler@fldoe.org, or transmitted by facsimile to 850-245-9935. Please call 850-245-9795 to confirm that your fax or e-mail was received.

2. PAYMENT INSTRUCTIONS AND INFORMATION

Payment for Type A, C and D complete buses will be due upon delivery and acceptance by the purchaser, within 45 calendar days after receipt of invoice, or within 45 calendar days of receipt of manufacturer's certificate of origin, whichever is later. **Purchaser has no more than 10 business days to accept or reject the bus.** Rejection of any unit must be immediately confirmed through the FDOE.

Under the provisions of section 215.422, Florida Statutes (F.S.), vendors may charge interest penalties if payment for the bus is not received according to the above requirements.

3. PURCHASE ORDER INFORMATION

a. **All P.O.s must be sent to:**

Ms. Terri Egler
School Transportation Management Section
Florida Department of Education
325 West Gaines Street, #834
Tallahassee, Florida 32399-0400

NOTE: If your P.O.s are inadvertently sent directly to the vendor, **it will delay the processing of your order and the manufacture and required delivery date of your buses.** All dealers that were awarded bids have been instructed to return any unprocessed P.O.s to the Florida Department of Education, STMS, for processing.

- b. Once your P.O.s are received by the STMS, they will be processed and forwarded electronically to the vendor as quickly as possible. A confirmation of receipt of your purchase orders will be e-mailed to the transportation director and service manager. A hard copy will be mailed to your school district finance manager. **If you do not receive a receipt for your order** within two weeks, please contact the STMS at 850-245-9795. **This confirmation is important because it is your only assurance that your order has been transmitted to the vendor.**
- c. **BUS ORDERING CHECKLIST:**
- For Types A, C and D complete bus P.O.s, the following information must be included:**
- (1) The bidder's name and address, including the contact person.
 - (2) The quantity of buses ordered, pupil capacity, body model number, engine type, unit price, total price and other major options (lift, air-conditioning or straight floor, as applicable).
 - (3) The air conditioner system code, if applicable.
 - (4) For wheelchair lift buses, the lift manufacturer and **location of the wheelchair lift, either in front of or behind rear wheels.**
 - (5) Specified options using option numbers as shown in this pricing and ordering guide.
 - (6) Local school district bus numbers to be put on buses by the bidder. **For tracking purposes, all P.O.s processed must include local school district bus numbers. Processing of P.O.s will be delayed if required local bus numbers are not supplied.**
 - (7) Indication as to whether buses are to be delivered or picked up by the district at the manufacturing plant. Include delivery price from appropriate manufacturer's delivery schedule.
- d. **Please review all options available for this year.** The list varies by manufacturer and configuration, so review what is available for the type and capacity of bus ordered.
- e. Private schools meeting the requirements of section 1002.42(15), F.S., are authorized to purchase buses from this bid.
- f. **Purchase orders must be in the STMS office no later than December 31, 2015.**
- g. Thomas Built Buses, Inc., uses a fuel tank mounted between the frame rails on all conventional (Type C) school bus configurations. This location requires a **left side body fuel fill** on most conventional **REAR LIFT** bus configurations.

4. **UNITS WITH AIR CONDITIONER SYSTEMS**

Districts purchasing units with air conditioners may choose the manufacturer, model and system configuration. Please review the air conditioner specifications from the Florida School Bus Specifications, Revised 2013, Section V, for details. Pricing information for buses with System A and System B air conditioner units has been provided for all applicable configurations. If you are purchasing a unit with an air conditioner, please make sure your P.O. clearly indicates the price and the Air Conditioner (A/C) Code. The code can be located in the first column of the A/C information.

5. **STRAIGHT FLOOR UNITS**

The straight floor is offered as an option available on the appropriate pricing page. Please note that options such as air ride rear suspension and low-profile tires may be standard with the straight floor option. Bidders' notes to this effect are located on the option pricing pages.

6. **GENERAL INFORMATION**

- a. Each district ordering Type C or Type D buses will receive one service manual, CD or on-line access authorization per shop location from the manufacturer covering the chassis model(s) purchased.
- b. The vendor is required to deliver one parts manual, CD or on-line access authorization per shop location to each district purchasing one or more buses.
- c. Type A, C and D final-stage manufacturers shall agree to accept electronic notification of school district in-service dates provided by the FDOE in lieu of forms or update forms. Such notification shall serve to update actual warranty start dates for all chassis and body components as well as chassis and body component warranties.
- d. Names, addresses and phone numbers of dealers or manufacturers awarded bids are provided on page 6. **These persons may be contacted regarding equipment, production, delivery and other information pertaining to your bus purchases.**
- e. **The purchase of a DEALER-OFFERED OPTION** not specified herein is not permitted as part of this contract.

7. **BUS SEATING CAPACITIES**

- a. All capacities listed in this guide are based on the maximum capacity of that shell size using 13 inches of rump width per seating position, per National School Transportation Specifications and Procedures, Revised 2010, and Florida School Bus Specifications, Revised 2013. Purchasers should call manufacturers to determine actual capacities for the specific configuration they are ordering. Please also see Appendix C for a general guide for wheelchair lift buses.
- b. The addition of C.E. White, IMMI or Syntech integrated child seats may reduce capacity. Please contact the dealer for specific seating capacity before placing your order.

8. PRICING PAGES TERMS

The following definitions and terms are used throughout the pricing pages.	
Price	Base unit or option price
STD	Standard equipment
N/A	Not available or not applicable
N/C	No-charge item; item must be listed separately on the P.O. if the purchaser wishes to receive the item on the bus.

APPENDIX J

B2: Powered Roof Vent

IC: Units ordered with a powered roof vent will not include an additional 6-inch fan.

B7a: C.E. White Integrated Child Restraint Seats

Blue Bird: The addition of C.E. White seats may reduce capacity. Please contact Florida Transportation Systems for a floorplan.

IC: Districts ordering C.E. White seats are encouraged to contact LBS South to confirm floor plan and emergency exit compliance prior to issuing a purchase order. Installation of C.E. White seats may reduce passenger capacity.

B7b: IMMI Child Safety Seat

Thomas: IMMI ICS seating options will reduce seating capacity in some configurations due to seat spacing and ISO LATCH spacing requirements.

B8: Baggage Compartment

IC: Compatibility and availability of luggage boxes by body passenger size are determined by how the vehicle is equipped (A/C, 100 gallon fuel tank, track seating, etc.). Districts are strongly encouraged to contact LBS South to confirm compatibility of these options prior to issuing a purchase order.

B18: Under-seat Rear Heater Option

Thomas: Heater's location and size (40,000 BTU rear wall mount) may be only possible location for the rear heater.

B21: Driver's Seat with Integrated Seat Belt

Blue Bird: Addition of integrated driver's seat may reduce capacity. Please consult with Florida Transportation Systems.

B26: Track Seating Seat Option

IC: Orders for track seating seats beyond the capacity of the base bus will not be accepted.

Thomas: Track seating seat requires the straight floor option.

B28: Electric Powered Entrance Door (Type A)

Blue Bird: Electric entrance door includes lock.

C2: Spare Disc Wheel

IC: Pricing is for one spare wheel per chassis ordered.

C4: 100 Gallon Fuel Tank

IC: A 100 gallon fuel tank is not available with track seating. A 100 gallon fuel tank may limit options for luggage compartments. Districts are encouraged to contact LBS South to confirm compatibility of these options prior to issuing a purchase order.

Thomas: A 100 gallon tank may require option C-10 (Air Ride Suspension) on some Type C configurations.

A 100 gallon tank may affect availability of thru luggage on some rear engine models. Please consult dealer.

C11: Silicone Only Heater and Engine Coolant Hoses

Blue Bird: Not available with propane engine.

C12: Straight Floor

Blue Bird: Straight floor option includes the cost of air ride rear suspension and low-profile tires.

Thomas: Straight floor option requires air ride rear suspension (C10).

NOTE: Does not include track seating or floor track. (Order separately by option.)
