

2018-2020 Teacher Recruitment and Retention (TRR) Dissemination Sub-grant Program  
Florida Department of Education  
Office of Independent Education and Parental Choice

**Q1:**

As you may know, UCP Charter Schools is now its own LEA. I assume we can apply for one of our schools (UCP East) ourselves as the LEA (similar to what we are doing with other federal grants)?

**A1:**

UCP Charter Schools would not have to ask its district to sign the DOE 100A. As an LEA, federal funds would go directly to UCP in Orange County. So instead of the DOE 100A we made available recently – the one with two signature lines – you would instead use the traditional 100A form that is available on the FLDOE Grants Management website at the following link:

<http://www.fldoe.org/finance/contracts-grants-procurement/grants-management/department-of-edu-grants-forms.stml>

The agency head that has to sign this form would be the governing board chairperson.
