Before You Begin

The **CSP 2-Year Budget Development Tool** is provided by the Charter Schools Program (CSP) Office to assist CSP subrecipient schools to help develop their year-one and year-two Implementation budget. The budget tool will combine the detailed *quantity* (*X*) *cost* break-downs and consolidate all year-one and year-two budget items; grouping by same function and object codes.

This tool is only intended as a means for schools to compile large budgets, and <u>does not guarantee or imply CSP</u> <u>program office approval</u>. The CSP grant specialist assigned to your school will review the **CSP 2-Year Budget Development Tool** detailed itemized list to ensure all budget requests are *allowable, necessary, reasonable, legal,* and *allocable.* Note that sub-recipient schools may need to provide additional details, justification, and supporting documentation.

Using the Tool

1. Enable content

- a. A *Security Warning* will be displayed at the top of your screen on first opening the tool.
- b. If the warning is present, click "Enable Content" before beginning to work on your budget.

2. Enter basic information

a. The CSP 2-Year Budget Development Tool should open to the "Itemized List" worksheet.

b. Begin by completing the green fields as indicated near the top page of worksheet.

D	Н	Ι,	
Enter the Total Grant Award in Cell H1>			TIP: You may
Enter School Name Below	CSP ID	#	tab to move to
] l	the next field.

- Cell H1 enter the total award amount the school has been approved to allocate
- Cell D3 enter the school name as it appears on FLSCP.org
- Cell H3 enter the 7-digit CSP ID
- c. Complete YEAR 1 and YEAR 2 information

1	J	K	L
Enter	Projected # of Students	and Teachers B	elow by Year
# of Students	# of Teachers/Classrooms	# of Students	# of Teachers/Classrooms
	YEAR 1		YEAR 2

- YEAR 1 information
 - Cell I3 enter the number of students (expected enrollment*) for Year 1.
 *NOTE: the program office will verify Year 1 enrollment numbers with the district.
 - Cell J3 enter the number of teachers (*instructional* staff) and the number of classrooms for Year 1. Include special classrooms in this count (e.g. computer lab, multi-purpose room, media center, art or music room)
- YEAR 2 information
 - 1. **Cell K3** enter the number of students (anticipated enrollment*) for Year 2. **NOTE: the program office will verify Year 2 enrollment numbers with the district.*
 - 2. **Cell L3** enter the number of teachers (*instructional* staff) <u>and</u> the number of classrooms for Year 2*.

*NOTE: the program office will verify Year 2 growth prior to allowing access to Year 2 funds.

3. Enter budget items

The CSP budget tool should be easy to use. Sub-recipient schools do not need to enter budget items in any particular order – the Tool will sort as part of the 'consolidate' process. <u>When developing a CSP budget, it's</u> <u>advisable to utilized the *Allowable Costs Handout* (click to access) for help determining allowable costs, as well as the correct Function and Object Codes.</u>

 a. Cells B6 & C6 – "Function" and "Object" – begin by entering the code for your first *specific* budget item. A drop-down menu is available as you begin to type in codes. Remember to use the Function and Object Codes from the Department's Red Book.

NOTE: The Tool is specific to CSP allowable codes. If your trying to enter a code isn't working, contact your CSP Grant Specialist.

b. **Cell D6** – Under "Description," provide a *brief* description of the item requested. Keep in mind that the CSP program office will need to know the *who/what/where/why* for each item.

Description			

NOTE: Be sure to not leave an empty line between two budget items! This can cause the Tool to miscalculate totals.

- c. Cell H6 Input the individual item cost. Per the Green Book, this cost must:
 - Be rounded to the nearest dollar amount and
 - Include the cost of acquisition (e.g. shipping)
- d. **Cell I6** Enter the quantity of items for the FIRST YEAR
- e. Cell K6 Enter the quantity of items for the SECOND YEAR
- f. Continue until you have entered ALL budget items requested

TIP	: You ca	n k	eep tro	ack							
of how much has been											
ú	allocated and how										
	much remains										
b	by checking cells N1										
("Т	("Total Budget") and N2										
	("Rema	ini	ng").								
	M N										
	Total Budget \$ 433,373,00										
	Remaining \$ 116,627.00										

~BELOW IS EXAMPLE OF BUDENT ENTRY AFTER BULLETED ITEMS ABOVE ENTERED IN TOOL ~

						YEAR 1				YEAR 2		
Function	Object Description Cost Per Item		Quantity	Total Cost Year 1		Quantity2 Total Cost		Cost YR 2				
7300	6	43 principal desktop computer	\$	1,100.00	1	\$	1,100.00	0	\$			
6500	6	44 desktop computers for computer lab	\$	850.00	15	\$	12,750.00	15	\$	12,750.00		
5100	6	42 student desk/chair combo	\$	95.00	175	\$	16,625.00	175	\$	16,625.00		
5100	e	42 teacher desks	\$	500.00	10	\$	5,000.00	10	\$	5,000.00		

4. Complete DOE 101S Budget Narrative Form

a. Once all budget items entered for both Yr-1 and Yr-2, click the "Consolidate Year 1-2" button

- b. After clicking the Consolidate button, scroll to the right side of the "Itemized List" worksheet to view budget consolidated totals.
- c. The CSP budget tool will automatically consolidate the amounts, calculating totals into the right side of worksheet.

NOTE: The CSP Budget Tool is protected with locked cells to avoid issues with embedded formulas, thus ensuring accuracy of consolidated totals. Therefore, the Copy & Paste option is not available within the worksheet.

- d. Sub-recipient school will need to transpose the consolidated totals onto the DOE 101S
 - DOE101S form is available in the first worksheet of the CSP 2-Year Budget Development Tool

e. SAVE the file. Click "Save As" and include the school name and CSP ID in the file name.

5. Submit the Budget

- a. Congratulations...the YEAR 1 and YEAR 2 itemized budget is complete.
- b. Send the entire **SAVED file** to your CSP Grant Specialist via email.
