Growth Mindset Micro-credential Opportunity

September 21, 2016

We're thrilled to announce a new pilot program specifically for Florida educators!

The Florida Department of Education, BloomBoard, and Digital Promise have teamed up to offer **500** Florida educators the opportunity to participate in a competency-based learning program on Growth Mindset. The program focuses on learning by doing, providing access to a collaborative community of educators from across the state dedicated to this critical competency.

For complete details and to get started please see the attached flyer. The flyer has detailed information about the program, frequently asked questions and the link to sign-up. **I encourage you to sign-up quickly as there is limited space and micro-credentials will be issued on a first come, first served basis!**

You may also access the sign-up link [here](#).

If you are excited about this opportunity, have reviewed the flyer and still want to learn more, you may register for an informational webinar scheduled for Monday, September 26, 2016 at 4:00 p.m. EST. You may access the webinar registration [here](#).

We hope you're as excited as we are about the opportunity to further our commitment to growth mindset in Florida. Please don't hesitate to reach out with questions.

All the best,

Abbey Stewart
