OR-	3	Introduction to Programming
OR-	4	COPX334
&		CGSX540C
	3-4	Database Management

FOR ALL MAJORS: Students are strongly encouraged to select required lower division electives that will enhance their general education coursework and that will support their intended baccalaureate degree program. Students should consult with an academic advisor in their major degree area.
 MDC requires CGSX060 or equivalent or proficiency prior to program admission.

I. Contact Information

Requesting Chief Program Chair: Nasser Hedayat	Email: nhedayat@valenciacollege.edu Phone: 407-582-3326
Requesting Chief Academic Officer or University Common Prerequisite Liaison (person submitting this proposal to the Board of Governors or Division of Florida Colleges): Joan Tiller	 <hr/> First Name, Last Name Title: Email: jtiller@valenciacollege.edu Phone: 407-582-3338
Requesting institution: Valencia College	

II. Program Information

Title of Degree Program: B.A.S Computer Programming and Software Development	CIP Code: 11.01.03	Track (if appropriate):4
Does this proposal align with a current track?	Yes:x	No:
Is this program approved for limited access?		x
Approved total program hours to the baccalaureate degree: 60		
Other Institutions offering the same program (CIP and Tracks or different CIP/Track if the same major):		

III. Proposed Changes – Add rows as necessary

A. All Current Approved Common Prerequisites (add rows if necessary.)

Current Approved Common Prerequisites		
Course Prefix	Course Name	Cr. Hrs.
MAC X105	Or higher mathCollege Algebra	3
STA X023	Or STA X014 Statistical Analysis	3
ECO X013	Or ECO X023 Macro or Micro Economics	3
SPC X608	Or SPC X017 Oral Communication	3
CET X179	Or CTS X134, Or CTS X650 Network Concepts	3-4
COP X000	Or COP X334 Intro to Programming	3-4
CGS X540C	Database Management	3-4
Current Approved Common Prerequisite Credit Hours		21-24

B. All Proposed Common Prerequisites and Commonality of Course Offerings (add rows if necessary)

Course Prefix	Credit Hours	Number of FCS Currently Offering Course	Number of SUS Currently Offering Course	Justification for the addition or deletion of course
STA X023 or STA X014	3	28	12	Students will be able to take any college-level math course as the statistics course is not a prerequisite for any advanced courses.
ECO X023 or ECO X013	3	28	12	Students will be able to take any social science course as the economics course is not a prerequisite for any advanced courses.
SPC X068 or	3	28	12	Students will satisfy this requirement once they are in the Bachelor degree program. It is unnecessary

V. Supporting Documentation

Include the following with this proposal:

- The program page from the Common Prerequisite Manual, if applicable.
- The program requirements for the baccalaureate degree.

Date of Submission to the Board of Governors or the Division of Florida Colleges: _____

The proposed BS in IDT will prepare graduates for positions in training and development across a variety of sectors including K-12, academia, industry, military, government, and healthcare. Essentially every organization has a training and/or development need. According to the U.S. Bureau of Labor Statistics, the median pay for Training and Development Specialists (Occupation Code 13-1151) is \$60,360. This is a highly-competitive salary considering the national median pay for all occupations combined in the U.S. is \$37,690. The U.S. Bureau of Labor Statistics projects employment in this occupation will increase 11% through 2026.

The proposed 120-semester credit hour program will be offered completely online, providing students with the flexibility to engage in courses from a distance. This option to participate virtually has been appreciated by students in the current specialization in Career and Technical Education B.S. degree program that this proposed program will replace. It has also allowed UWF IDT faculty to market the program to students in geographically diverse areas.

The demand for highly skilled professionals in the field of Instructional Design and Technology (IDT) has grown rapidly across broad sectors of the economy and is expected to continue to do so for the foreseeable future. This demand is evident in the increasing enrollments in UWF's current M.Ed. in IDT (18 in Fall 2014 to 105 in Fall 2018) and the IDT Specialization of the Ed.D. in Curriculum and Instruction (43 in Fall 2014 to 90 in Fall 2018).

There has been a marked increase in the number of jobs available for persons with bachelor's degrees in IDT. These positions are not limited to any single job sector or geographic area. The proposed fully-online BS IDT will be one of very few programs nationally offering a BS in the field, preparing students to fill these positions, meeting local, state and national needs for highly skilled professionals prepared to design and develop training and performance improvement interventions in K-12, higher education, business and industry, healthcare, and military settings.

According to the Florida Department of Economic Opportunity (FDEO), statewide projections for IDT related positions show positive increases for 2017-2025. The positions and associated growth rates are shown below:

Training and Development Managers 14.3%
Training and Development Specialists 12.5%
Instructional Coordinators 11.5%

The FDEO projects IDT related positions and associated growth rates for Northwest Florida as shown below:

Escambia and Santa Rosa Counties
Training and Development Specialists 17.2%
Instructional Coordinators 11.5%

Okaloosa and Walton Counties
Training and Development Specialists 12.3%
Instructional Coordinators 8.1%

Application to **Modify** Currently Approved Common Prerequisites

Degree Program Name: Technical Education and Industry Training B.S. degree

CIP Code: 13.1320

Anticipated Degree Total Hours: 120

Are other degree programs under this name currently found in the Common Prerequisite Manual (CPM)? Yes
 No

If yes, under what CIP code? 13.1320

Institution Requesting Modification: UCF

Name of Contact Person: Dr. Lisa Martino

Email Address: Lisa.Martino@ucf.edu Phone Number: 407/823-6184

Please list the current common prerequisites and any corresponding approved alternative courses. Please add rows to the table as appropriate.

CIP: 13.1320 **Track:** n/a

Current Primary Prerequisites	Current Alternative Course(s)
EDF 2005 Introduction to Education	ENC 1102

1. Does this modification of currently approved common prerequisites involve adding another track to the currently approved prerequisites within the *Common Prerequisite Manual*?

No Yes

Maybe - depends upon Discipline Committee recommendation

If yes or maybe above, please provide justification regarding the significant differences in your curriculum that would necessitate a new track with different common prerequisites:

The mission of the Technical Education and Industry Training (TEIT) B.S. program at UCF is to prepare highly effective educators for secondary school districts, postsecondary institutions, and industry trainers who are knowledgeable in their field and research-based teaching practices. This degree does not lead to an initial teacher certification at the state level.

The current prerequisite, EDF 2005 Introduction to Education, focuses mainly on academic coursework in K12 grade levels. It is used in many state-approved teacher certification programs. As stated above, this degree does not lead to initial teacher certification and is focused mainly on secondary and postsecondary levels in career and technical education.

Students in the TEIT program can either become a CTE teacher or industry trainer. Students in the TEIT program may apply for a degreed career and technical coverage for CTE teacher certification after the program is complete, in which case the EDF 2005 course may be beneficial. Students in the TEIT program who wish to become postsecondary industry trainers may not benefit from the EDF 2005 course because they do not wish to obtain a teacher certificate.

To that end, by changing the CPP to ENC 1102, students can customize their program to align with their career goals. This would be the only difference in the program core curriculum, therefore, a different track is not necessary.

2. If adding a common prerequisite course or course substitute, please provide the following information. You can find details about individual courses at the hyperlink to the Statewide Course Numbering System (SCNS). Type in the prefix and four digit number of the proposed course and select the Search button. The resulting hyperlink of the course number leads to a page with two tabs: statewide course detail and institutions. Clicking on the institutions tab will identify the institutions offering the course.

Please add rows to the table as appropriate.

Proposed Course	Title of Proposed Course	# FCS Currently Offering Course	# SUS Currently Offering Course	Justification for the addition or deletion
ENC 1102	English Composition II	All	All	Aligns with the program goals.

3. If your request includes course(s) that are offered currently at three or fewer FCS institutions, please provide a justification as to why these courses are critical for a student's success in your upper division.

N/A

4. If your request includes courses that are offered currently only at your institution, do you have enough elective credit hour space in your upper division curriculum so that the associate in arts transfer student can complete the courses and still be held harmless in excess hours and time?
 - a. Yes N/A
 - b. No _____
5. If your request includes courses that are offered only at your institution, are you willing and able to offer these courses online or during the summer so that transfer students can complete the courses without delaying admission for the fall?
 - a. Yes N/A
 - b. No _____
6. Is the credit hour total for required prerequisite coursework more than 24 credit hours?
 - a. Yes _____
 - b. No X

If yes, how do you anticipate students meeting the general education requirement?

- b. _____ Course(s) are anticipated to be "core" general education
- c. _____ Course(s) are anticipated to be part of most institutions' general education program
- d. _____ Other (please specify):

MAP 2302	Differential Equations	3
PHY 2048	Physics with Calculus I	4
PHY 2048L	General Physics Lab I	1
PHY 2049	Physics with Calculus II	4
PHY 2049L	General Physics Lab II	1
ECO 2023	Macroeconomics	3
EEL 2880	Applied Software Techniques in Eng ¹	3

Degree Program Hours: 120

The qualifications for admissions to the Interdisciplinary Engineering Program are the same as for admission to the College of Engineering and Computing.

Lower Division Preparation

Lower division requirements include at least 60 hours of pre-engineering credits (see the Undergraduate Studies portion of this catalog for specific requirements). These courses include the common prerequisites shown above, and Introduction to Engineering. (EML-1533 Introduction to CAD for Mechanical Engineers is required unless previously taken in high school). In addition, both FIU freshman and transfer students who have not completed their core curriculum at the transfer institution must take the FIU University Core Curriculum Requirements, whose topics also complement the goals and objectives of the College of Engineering and Computing (including economic, environmental, political, and/or social issues). Students must make up any missing prerequisites before they will be allowed to begin taking certain engineering courses (see course listing for required pre-/co-requisites).

Interdisciplinary Engineering Curriculum

Common Prerequisites	35	
Additional UCC Courses	19	
SLS 1501	Freshman Experience	1
ENC 1101	English Composition 1	3

ENC 1102	English Composition 2	3
UCC1	Humanities 1	3
UCC2	Humanities 2 (GL)	3
UCC3	Arts 1	3
UCC4	Social Science 1	3

Engineering Foundation		23
EGS 1006	Introduction to Engineering ²	2
EGS 2030	Ethics and Legal Aspects in Engineering	1
CWR 3201	Fluid Mechanics	3
CWR 3201L	Fluid Mechanics Lab	1
EGN 3311	Statics	3
EGN 3321	Dynamics	3
EGN 3365	Materials in Engineering	3
EEL 3110	Circuit Analysis	3
EEL 3110L	Circuits Lab	1
EIN 3235	Evaluation of Engineering Data I ³	3

Engineering Secondary Field ⁴		12
Engineering Business and Leadership		12
EGN 3613	Engineering Economy	3
EIN 4328	Introduction to Engineering Entrepreneurship ⁵	3
Business or Leadership Courses ⁶		6

Interdisciplinary Project Experiences		12
EGN 3XXX	Socio-technical Systems Design (NEW)	3
Engineering Projects Course Elective ⁷		3
IDS 4918	Vertically Integrated Projects C ⁸	6

University-wide Electives

¹May substitute EML-2032, COP-2210/2250, or other department specific equivalents

²Waivable for AA transfer students; other transfer students should see an advisor; may substitute department-specific equivalents

³May substitute STA-3033 or STA-3111

⁴Students must select twelve credits of additional required or elective courses in a degree-granting ABET-accredited program in the College of Engineering and Computing (CEC) to form a coherent secondary field. At least nine credits must be upper division courses hosted in CEC.

⁵May substitute ENT-4113, EEL-4933, or other course as approved by advisor.

⁶List held by SUCCEED. Courses may include MAN 3022: Introduction to Management and MAR 3023: Introduction to Marketing (GL)

⁷Project course in engineering (list held by SUCCEED) or approved co-op or independent study.

⁸The Vertically Integrated Project is taken in two consecutive semesters starting in the junior year for three credits each attempt. A third course (IDS 3917) may be taken in a semester prior to these two courses to fulfill the projects-course requirement.

ABET: Science/Math: 29 from Common Prereq + EIN3235 = 32. Engineering: 23 + 9 + 6 + 12 - EIN3235 minus EGS1006 minus EIN-4328 plus EEL2880 = 45.

Common Prerequisite Application for Unique CIP/Degree Program

Degree Program Name: Engineering Technology CIP Code: 15.0000

Anticipated Degree Total Hours: 120

Are other degree programs under this name currently found in the Common Prerequisite Manual (CPM)? Yes No

If yes, under what CIP code: 15.9999 Track 1&2

*If your degree program is the same as above, you should use the **Application to Modify Currently Approved Common Prerequisites**.*

Institution Requesting Program Added: University of West Florida

Name of Contact Person: Dr. Michael Reynolds

Email Address of Above: mreynolds2@uwf.edu Phone Number: 850-474-

2977. Please list your proposed common prerequisites, along with the additional information requested below. You can find details about individual courses at the following hyperlink to the Statewide Course Numbering System (SCNS). Type in the prefix and four digit number of the proposed course. The hyperlink leads to a page with two worksheets: statewide course detail and institutions. Clicking on the institutions page will identify the institutions offering the course. Be aware that there may be institutions besides Florida College System (FCS) and State University System (SUS) institutions listed.

Add additional lines if necessary.

Proposed Course Prefix and Number	Title of Proposed Course	# Credit Hrs	Will count as general ed at your institution ?	# FCS Currently Offering Course	# SUS Currently Offering Course	Additional recommended alternative courses to primary
MAC2311	Calculus 1	4	Y	28	11	
CHM 2045	General Chem 1	3	Y	28	11	

2. Is the credit hour total for required work more than 24?
 a. Yes b. No

If yes, how do you anticipate students meeting general education requirement:

- a. Course(s) are anticipated to be "core" general education;
 b. Anticipate that institutions will have course(s) as part of their institution's general education program.
 c. Other (please specify):

3. If your request includes course(s) that are offered currently at 3 or less FCS institutions, please provide a justification as to why these courses are critical for a student's success in your upper division

DOES NOT APPLY.

4. If your request includes courses that are offered currently at only your institution, do you have the same amount of elective credit hour space in your upper division so that the associate in arts transfer student is held harmless in excess hours and time?
 - a. Yes_____
 - b. No_____
5. If your request includes courses that are offered only currently at your institution, are you willing and able to offer these courses online or during the summer so that transfer students may pick up the courses without delaying admission for the fall?
 - a. Yes_____
 - b. No_____
