**SUBJECT:** Florida's Perkins Four-Year Plan Public Hearing

---

Florida's Perkins Four-Year State Plan was approved by U.S. Department of Education's Office of Career, Technical and Adult Education (OCTAE) in 2020. As the current plan is set to expire June 30, 2024, OCTAE has given states the option of submitting a new state plan or continuing with the current plan with revisions. Florida has elected to continue with the current plan with revisions.

The Florida Department of Education is announcing a public comment period and two public hearings related to (1) proposed updates to the Perkins V State Plan, and (2) proposed targets of the State Determined Level of Performance for the Perkins Secondary and Postsecondary Performance Measurers.

The two public hearings will be held on **Monday, March 11, 2024**. The public comment period runs from March 4, 2024, until April 8, 2024. The attached memos provide details for registering for each public hearing and details on submitting comments.
