1002.33 Charter schools.—

(1) AUTHORIZATION.—All charter schools in Florida are public schools and shall be part of the state’s program of public education. A charter school may be formed by creating a new school or converting an existing public school to charter status. A charter school may operate a virtual charter school pursuant to s. [1002.45\(1\)\(d\)](#) to provide full-time online instruction to students, pursuant to s. [1002.455](#), in kindergarten through grade 12. The school district in which the student enrolls in the virtual charter school shall report the student for funding pursuant to s. [1011.61\(1\)\(c\)1.b.\(VI\)](#), and the home school district shall not report the student for funding. An existing charter school that is seeking to become a virtual charter school must amend its charter or submit a new application pursuant to subsection (6) to become a virtual charter school. A virtual charter school is subject to the requirements of this section; however, a virtual charter school is exempt from subsections (18) and (19), paragraph (20)(c), and s. [1003.03](#). A public school may not use the term charter in its name unless it has been approved under this section.

(2) GUIDING PRINCIPLES; PURPOSE.—

(a) Charter schools in Florida shall be guided by the following principles:

1. Meet high standards of student achievement while providing parents flexibility to choose among diverse educational opportunities within the state’s public school system.
2. Promote enhanced academic success and financial efficiency by aligning responsibility with accountability.
3. Provide parents with sufficient information on whether their child is reading at grade level and whether the child gains at least a year’s worth of learning for every year spent in the charter school.

(b) Charter schools shall fulfill the following purposes:

1. Improve student learning and academic achievement.
2. Increase learning opportunities for all students, with special emphasis on low-performing students and reading.
3. Encourage the use of innovative learning methods.

(c) Charter schools may fulfill the following purposes:

1. Create innovative measurement tools.
2. Provide rigorous competition within the public school district to stimulate continual improvement in all public schools.
3. Expand the capacity of the public school system.
4. Mitigate the educational impact created by the development of new residential dwelling units.
5. Create new professional opportunities for teachers, including ownership of the learning program at the school site.

(3) APPLICATION FOR CHARTER STATUS.—

(a) An application for a new charter school may be made by an individual, teachers, parents, a group of individuals, a municipality, or a legal entity organized under the laws of this state.

(b) An application for a conversion charter school shall be made by the district school board, the principal, teachers, parents, and/or the school advisory council at an existing public school that has been in operation for at least 2 years prior to the application to convert. A public school-within-a-school that is designated as a school by the district school board may also submit an application to convert to charter status. An application submitted proposing to convert an existing public school to a charter school shall demonstrate the support of at least 50 percent of the teachers employed at the school and 50 percent of the parents voting whose children are enrolled at the school, provided that a majority of the parents eligible to vote participate in the ballot process, according to rules adopted by the State Board of Education. A district school board denying an application for a conversion charter school shall provide notice of denial to the applicants in writing within 10 days after the meeting at which the district school board denied the application. The notice must articulate in writing the specific reasons for denial and must provide documentation supporting those reasons. A private school, parochial school, or home education program shall not be eligible for charter school status.

(4) UNLAWFUL REPRISAL.—

(a) No district school board, or district school board employee who has control over personnel actions, shall take unlawful reprisal against another district school board employee because that employee is either directly or indirectly involved with an application to establish a charter school. As used in this subsection, the term “unlawful reprisal” means an action taken by a district school board or a school system employee against an employee who is directly or indirectly involved in a lawful application to establish a charter school, which occurs as a direct result of that involvement, and which results in one or more of the following: disciplinary or corrective action; adverse transfer or reassignment, whether temporary or permanent; suspension, demotion, or dismissal; an unfavorable performance evaluation; a reduction in pay, benefits, or rewards; elimination of the employee’s position absent of a reduction in workforce as a result of lack of moneys or work; or other adverse significant changes in duties or responsibilities that are inconsistent with the employee’s salary or employment classification. The following procedures shall apply to an alleged unlawful reprisal that occurs as a consequence of an employee’s direct or indirect involvement with an application to establish a charter school:

1. Within 60 days after the date upon which a reprisal prohibited by this subsection is alleged to have occurred, an employee may file a complaint with the Department of Education.

2. Within 3 working days after receiving a complaint under this section, the Department of Education shall acknowledge receipt of the complaint and provide copies of the complaint and any other relevant preliminary information available to each of the other parties named in the complaint, which parties shall each acknowledge receipt of such copies to the complainant.

3. If the Department of Education determines that the complaint demonstrates reasonable cause to suspect that an unlawful reprisal has occurred, the Department of Education shall conduct an investigation to produce a fact-finding report.

4. Within 90 days after receiving the complaint, the Department of Education shall provide the district school superintendent of the complainant’s district and the complainant with a fact-finding report that may include recommendations to the parties or a proposed resolution of the complaint. The fact-finding report shall be presumed admissible in any subsequent or related administrative or judicial review.

5. If the Department of Education determines that reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to conciliate a complaint within 60 days after receipt of the fact-finding report, the Department of Education shall terminate the investigation. Upon termination of any investigation, the Department of Education shall notify the complainant and the district school superintendent of the termination of the investigation, providing a summary of relevant facts found during the investigation and the reasons for terminating the investigation. A written statement under this paragraph is presumed admissible as evidence in any judicial or administrative proceeding.

6. The Department of Education shall either contract with the Division of Administrative Hearings under s. [120.65](#), or otherwise provide for a complaint for which the Department of Education determines reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, and is unable to

conciliate, to be heard by a panel of impartial persons. Upon hearing the complaint, the panel shall make findings of fact and conclusions of law for a final decision by the Department of Education.

It shall be an affirmative defense to any action brought pursuant to this section that the adverse action was predicated upon grounds other than, and would have been taken absent, the employee's exercise of rights protected by this section.

(b) In any action brought under this section for which it is determined reasonable grounds exist to believe that an unlawful reprisal has occurred, is occurring, or is to be taken, the relief shall include the following:

1. Reinstatement of the employee to the same position held before the unlawful reprisal was commenced, or to an equivalent position, or payment of reasonable front pay as alternative relief.
2. Reinstatement of the employee's full fringe benefits and seniority rights, as appropriate.
3. Compensation, if appropriate, for lost wages, benefits, or other lost remuneration caused by the unlawful reprisal.
4. Payment of reasonable costs, including attorney's fees, to a substantially prevailing employee, or to the prevailing employer if the employee filed a frivolous action in bad faith.
5. Issuance of an injunction, if appropriate, by a court of competent jurisdiction.
6. Temporary reinstatement to the employee's former position or to an equivalent position, pending the final outcome of the complaint, if it is determined that the action was not made in bad faith or for a wrongful purpose, and did not occur after a district school board's initiation of a personnel action against the employee that includes documentation of the employee's violation of a disciplinary standard or performance deficiency.

(5) SPONSOR; DUTIES.—

(a) *Sponsoring entities.*—

1. A district school board may sponsor a charter school in the county over which the district school board has jurisdiction.
2. A state university may grant a charter to a lab school created under s. [1002.32](#) and shall be considered to be the school's sponsor. Such school shall be considered a charter lab school.

(b) *Sponsor duties.*—

- 1.a. The sponsor shall monitor and review the charter school in its progress toward the goals established in the charter.
- b. The sponsor shall monitor the revenues and expenditures of the charter school and perform the duties provided in s. [1002.345](#).
- c. The sponsor may approve a charter for a charter school before the applicant has identified space, equipment, or personnel, if the applicant indicates approval is necessary for it to raise working funds.
- d. The sponsor shall not apply its policies to a charter school unless mutually agreed to by both the sponsor and the charter school. If the sponsor subsequently amends any agreed-upon sponsor policy, the version of the policy in effect at the time of the execution of the charter, or any subsequent modification thereof, shall remain in effect and the sponsor may not hold the charter school responsible for any provision of a newly revised policy until the revised policy is mutually agreed upon.
- e. The sponsor shall ensure that the charter is innovative and consistent with the state education goals established by s. [1000.03\(5\)](#).
- f. The sponsor shall ensure that the charter school participates in the state's education accountability system. If a charter school falls short of performance measures included in the approved charter, the sponsor shall report such shortcomings to the Department of Education.
- g. The sponsor shall not be liable for civil damages under state law for personal injury, property damage, or death resulting from an act or omission of an officer, employee, agent, or governing body of the charter school.
- h. The sponsor shall not be liable for civil damages under state law for any employment actions taken by an officer, employee, agent, or governing body of the charter school.
- i. The sponsor's duties to monitor the charter school shall not constitute the basis for a private cause of action.

j. The sponsor shall not impose additional reporting requirements on a charter school without providing reasonable and specific justification in writing to the charter school.

k. The sponsor shall submit an annual report to the Department of Education in a web-based format to be determined by the department.

(l) The report shall include the following information:

(A) The number of draft applications received on or before May 1 and each applicant's contact information.

(B) The number of final applications received on or before August 1 and each applicant's contact information.

(C) The date each application was approved, denied, or withdrawn.

(D) The date each final contract was executed.

(ll) Beginning August 31, 2013, and each year thereafter, the sponsor shall submit to the department the information for the applications submitted the previous year.

(lll) The department shall compile an annual report, by district, and post the report on its website by November 1 of each year.

2. Immunity for the sponsor of a charter school under subparagraph 1. applies only with respect to acts or omissions not under the sponsor's direct authority as described in this section.

3. This paragraph does not waive a district school board's sovereign immunity.

4. A Florida College System institution may work with the school district or school districts in its designated service area to develop charter schools that offer secondary education. These charter schools must include an option for students to receive an associate degree upon high school graduation. If a Florida College System institution operates an approved teacher preparation program under s. [1004.04](#) or s. [1004.85](#), the institution may operate no more than one charter school that serves students in kindergarten through grade 12. In kindergarten through grade 8, the charter school shall implement innovative blended learning instructional models in which, for a given course, a student learns in part through online delivery of content and instruction with some element of student control over time, place, path, or pace and in part at a supervised brick-and-mortar location away from home. A student in a blended learning course must be a full-time student of the charter school and receive the online instruction in a classroom setting at the charter school. District school boards shall cooperate with and assist the Florida College System institution on the charter application. Florida College System institution applications for charter schools are not subject to the time deadlines outlined in subsection (6) and may be approved by the district school board at any time during the year. Florida College System institutions may not report FTE for any students who receive FTE funding through the Florida Education Finance Program.

5. A school district may enter into nonexclusive interlocal agreements with federal and state agencies, counties, municipalities, and other governmental entities that operate within the geographical borders of the school district to act on behalf of such governmental entities in the inspection, issuance, and other necessary activities for all necessary permits, licenses, and other permissions that a charter school needs in order for development, construction, or operation. A charter school may use, but may not be required to use, a school district for these services. The interlocal agreement must include, but need not be limited to, the identification of fees that charter schools will be charged for such services. The fees must consist of the governmental entity's fees plus a fee for the school district to recover no more than actual costs for providing such services. These services and fees are not included within the services to be provided pursuant to subsection (20).

(6) APPLICATION PROCESS AND REVIEW.—Charter school applications are subject to the following requirements:

(a) A person or entity seeking to open a charter school shall prepare and submit an application on the standard application form prepared by the Department of Education which:

1. Demonstrates how the school will use the guiding principles and meet the statutorily defined purpose of a charter school.

2. Provides a detailed curriculum plan that illustrates how students will be provided services to attain the Sunshine State Standards.

3. Contains goals and objectives for improving student learning and measuring that improvement. These goals and objectives must indicate how much academic improvement students are expected to show each year, how success will be evaluated, and the specific results to be attained through instruction.

4. Describes the reading curriculum and differentiated strategies that will be used for students reading at grade level or higher and a separate curriculum and strategies for students who are reading below grade level. A sponsor shall deny an application if the school does not propose a reading curriculum that is consistent with effective teaching strategies that are grounded in scientifically based reading research.

5. Contains an annual financial plan for each year requested by the charter for operation of the school for up to 5 years. This plan must contain anticipated fund balances based on revenue projections, a spending plan based on projected revenues and expenses, and a description of controls that will safeguard finances and projected enrollment trends.

6. Discloses the name of each applicant, governing board member, and all proposed education services providers; the name and sponsor of any charter school operated by each applicant, each governing board member, and each proposed education services provider that has closed and the reasons for the closure; and the academic and financial history of such charter schools, which the sponsor shall consider in deciding whether to approve or deny the application.

7. Contains additional information a sponsor may require, which shall be attached as an addendum to the charter school application described in this paragraph.

8. For the establishment of a virtual charter school, documents that the applicant has contracted with a provider of virtual instruction services pursuant to s. [1002.45\(1\)\(d\)](#).

¹(b) A sponsor shall receive and review all applications for a charter school using the evaluation instrument developed by the Department of Education. A sponsor shall receive and consider charter school applications received on or before August 1 of each calendar year for charter schools to be opened at the beginning of the school district's next school year, or to be opened at a time agreed to by the applicant and the sponsor. A sponsor may not refuse to receive a charter school application submitted before August 1 and may receive an application submitted later than August 1 if it chooses. Beginning in 2018 and thereafter, a sponsor shall receive and consider charter school applications received on or before February 1 of each calendar year for charter schools to be opened 18 months later at the beginning of the school district's school year, or to be opened at a time determined by the applicant. A sponsor may not refuse to receive a charter school application submitted before February 1 and may receive an application submitted later than February 1 if it chooses. A sponsor may not charge an applicant for a charter any fee for the processing or consideration of an application, and a sponsor may not base its consideration or approval of a final application upon the promise of future payment of any kind. Before approving or denying any application, the sponsor shall allow the applicant, upon receipt of written notification, at least 7 calendar days to make technical or nonsubstantive corrections and clarifications, including, but not limited to, corrections of grammatical, typographical, and like errors or missing signatures, if such errors are identified by the sponsor as cause to deny the final application.

1. In order to facilitate an accurate budget projection process, a sponsor shall be held harmless for FTE students who are not included in the FTE projection due to approval of charter school applications after the FTE projection deadline. In a further effort to facilitate an accurate budget projection, within 15 calendar days after receipt of a charter school application, a sponsor shall report to the Department of Education the name of the applicant entity, the proposed charter school location, and its projected FTE.

2. In order to ensure fiscal responsibility, an application for a charter school shall include a full accounting of expected assets, a projection of expected sources and amounts of income, including income derived from projected student enrollments and from community support, and an expense projection that includes full accounting of the costs of operation, including start-up costs.

3.a. A sponsor shall by a majority vote approve or deny an application no later than 90 calendar days after the application is received, unless the sponsor and the applicant mutually agree in writing to temporarily postpone the vote to a specific date, at which time the sponsor shall by a majority vote approve or deny the application. If the sponsor fails to act on the application, an applicant may appeal to the State Board of Education as provided in paragraph (c). If an application is denied, the sponsor shall, within 10 calendar days after such denial, articulate in writing the specific reasons, based upon good cause, supporting its denial of the application and shall provide the letter of denial and supporting documentation to the applicant and to the Department of Education.

b. An application submitted by a high-performing charter school identified pursuant to s. [1002.331](#) or a high-performing charter school system identified pursuant to s. [1002.332](#) may be denied by the sponsor only if the sponsor demonstrates by clear and convincing evidence that:

(I) The application of a high-performing charter school does not materially comply with the requirements in paragraph (a) or, for a high-performing charter school system, the application does not materially comply with s. [1002.332\(2\)\(b\)](#);

(II) The charter school proposed in the application does not materially comply with the requirements in paragraphs (9)(a)-(f);

(III) The proposed charter school's educational program does not substantially replicate that of the applicant or one of the applicant's high-performing charter schools;

(IV) The applicant has made a material misrepresentation or false statement or concealed an essential or material fact during the application process; or

(V) The proposed charter school's educational program and financial management practices do not materially comply with the requirements of this section.

Material noncompliance is a failure to follow requirements or a violation of prohibitions applicable to charter school applications, which failure is quantitatively or qualitatively significant either individually or when aggregated with other noncompliance. An applicant is considered to be replicating a high-performing charter school if the proposed school is substantially similar to at least one of the applicant's high-performing charter schools and the organization or individuals involved in the establishment and operation of the proposed school are significantly involved in the operation of replicated schools.

c. If the sponsor denies an application submitted by a high-performing charter school or a high-performing charter school system, the sponsor must, within 10 calendar days after such denial, state in writing the specific reasons, based upon the criteria in sub-subparagraph b., supporting its denial of the application and must provide the letter of denial and supporting documentation to the applicant and to the Department of Education. The applicant may appeal the sponsor's denial of the application in accordance with paragraph (c).

4. For budget projection purposes, the sponsor shall report to the Department of Education the approval or denial of an application within 10 calendar days after such approval or denial. In the event of approval, the report to the Department of Education shall include the final projected FTE for the approved charter school.

5. Upon approval of an application, the initial startup shall commence with the beginning of the public school calendar for the district in which the charter is granted. A charter school may defer the opening of the school's operations for up to 3 years to provide time for adequate facility planning. The charter school must provide written notice of such intent to the sponsor and the parents of enrolled students at least 30 calendar days before the first day of school.

(c)1. An applicant may appeal any denial of that applicant's application or failure to act on an application to the State Board of Education no later than 30 calendar days after receipt of the sponsor's decision or failure to act and shall notify the sponsor of its appeal. Any response of the sponsor shall be submitted to the State Board of Education within 30 calendar days after notification of the appeal. Upon receipt of notification from the State Board of Education that a charter school applicant is filing an appeal, the Commissioner of Education shall convene a meeting of the Charter School Appeal Commission to study and make recommendations to the State Board of Education regarding its pending decision about the appeal. The commission shall forward its recommendation to the state board at least 7 calendar days before the date on which the appeal is to be heard.

2. The Charter School Appeal Commission may reject an appeal submission for failure to comply with procedural rules governing the appeals process. The rejection shall describe the submission errors. The appellant shall have 15 calendar days after notice of rejection in which to resubmit an appeal that meets the requirements set forth in State Board of Education rule. An appeal submitted subsequent to such rejection is considered timely if the original appeal was filed within 30 calendar days after receipt of notice of the specific reasons for the sponsor's denial of the charter application.

3.a. The State Board of Education shall by majority vote accept or reject the decision of the sponsor no later than 90 calendar days after an appeal is filed in accordance with State Board of Education rule. The State Board of Education shall remand the application to the sponsor with its written decision that the sponsor approve or deny the application. The sponsor shall implement the decision of the State Board of Education. The decision of the State Board of Education is not subject to the provisions of the Administrative Procedure Act, chapter 120.

b. If an appeal concerns an application submitted by a high-performing charter school identified pursuant to s. [1002.331](#) or a high-performing charter school system identified pursuant to s. [1002.332](#), the State Board of Education shall determine whether the sponsor's denial was in accordance with sub-subparagraph (b)3.b.

(d) The sponsor shall act upon the decision of the State Board of Education within 30 calendar days after it is received. The State Board of Education's decision is a final action subject to judicial review in the district court of appeal.

(e)1. A Charter School Appeal Commission is established to assist the commissioner and the State Board of Education with a fair and impartial review of appeals by applicants whose charter applications have been denied, whose charter contracts have not been renewed, or whose charter contracts have been terminated by their sponsors.

2. The Charter School Appeal Commission may receive copies of the appeal documents forwarded to the State Board of Education, review the documents, gather other applicable information regarding the appeal, and make a written recommendation to the commissioner. The recommendation must state whether the appeal should be upheld or denied and include the reasons for the recommendation being offered. The commissioner shall forward the recommendation to the State Board of Education no later than 7 calendar days prior to the date on which the appeal is to be heard. The state board must consider the commission's recommendation in making its decision, but is not bound by the recommendation. The decision of the Charter School Appeal Commission is not subject to the provisions of the Administrative Procedure Act, chapter 120.

3. The commissioner shall appoint a number of members to the Charter School Appeal Commission sufficient to ensure that no potential conflict of interest exists for any commission appeal decision. Members shall serve without compensation but may be reimbursed for travel and per diem expenses in conjunction with their service. Of the members hearing the appeal, one-half must represent currently operating charter schools and one-half must represent sponsors. The commissioner or a named designee shall chair the Charter School Appeal Commission.

4. The chair shall convene meetings of the commission and shall ensure that the written recommendations are completed and forwarded in a timely manner. In cases where the commission cannot reach a decision, the chair shall make the written recommendation with justification, noting that the decision was rendered by the chair.

5. Commission members shall thoroughly review the materials presented to them from the appellant and the sponsor. The commission may request information to clarify the documentation presented to it. In the course of its review, the commission may facilitate the postponement of an appeal in those cases where additional time and communication may negate the need for a formal appeal and both parties agree, in writing, to postpone the appeal to the State Board of Education. A new date certain for the appeal shall then be set based upon the rules and procedures of the State Board of Education. Commission members shall provide a written recommendation to the state board as to whether the appeal should be upheld or denied. A fact-based justification for the recommendation must be included. The chair must ensure that the written recommendation is submitted to the State Board of Education members no later than 7 calendar days prior to the date on which the appeal is to be heard. Both parties in the case shall also be provided a copy of the recommendation.

(f)1. The Department of Education shall provide or arrange for training and technical assistance to charter schools in developing and adjusting business plans and accounting for costs and income. Training and technical assistance shall also address, at a minimum, state and federal grant and student performance accountability reporting requirements and provide assistance in identifying and applying for the types and amounts of state and federal financial assistance the charter school may be eligible to receive. The department may provide other technical assistance to an applicant upon written request.

2. A charter school applicant must participate in the training provided by the Department of Education after approval of an application but at least 30 calendar days before the first day of classes at the charter school.

However, a sponsor may require the charter school applicant to attend training provided by the sponsor in lieu of the department's training if the sponsor's training standards meet or exceed the standards developed by the department. In such case, the sponsor may not require the charter school applicant to attend the training within 30 calendar days before the first day of classes at the charter school. The training must include instruction in accurate financial planning and good business practices. If the applicant is a management company or a nonprofit organization, the charter school principal and the chief financial officer or his or her equivalent must also participate in the training. A sponsor may not require a high-performing charter school or high-performing charter school system applicant to participate in the training described in this subparagraph more than once.

(g) In considering charter applications for a lab school, a state university shall consult with the district school board of the county in which the lab school is located. The decision of a state university may be appealed pursuant to the procedure established in this subsection.

(7) CHARTER.—The terms and conditions for the operation of a charter school shall be set forth by the sponsor and the applicant in a written contractual agreement, called a charter. The sponsor and the governing board of the charter school shall use the standard charter contract pursuant to subsection (21), which shall incorporate the approved application and any addenda approved with the application. Any term or condition of a proposed charter contract that differs from the standard charter contract adopted by rule of the State Board of Education shall be presumed a limitation on charter school flexibility. The sponsor may not impose unreasonable rules or regulations that violate the intent of giving charter schools greater flexibility to meet educational goals. The charter shall be signed by the governing board of the charter school and the sponsor, following a public hearing to ensure community input.

¹(a) The charter shall address and criteria for approval of the charter shall be based on:

1. The school's mission, the students to be served, and the ages and grades to be included.
2. The focus of the curriculum, the instructional methods to be used, any distinctive instructional techniques to be employed, and identification and acquisition of appropriate technologies needed to improve educational and administrative performance which include a means for promoting safe, ethical, and appropriate uses of technology which comply with legal and professional standards.

- a. The charter shall ensure that reading is a primary focus of the curriculum and that resources are provided to identify and provide specialized instruction for students who are reading below grade level. The curriculum and instructional strategies for reading must be consistent with the Next Generation Sunshine State Standards and grounded in scientifically based reading research.

- b. In order to provide students with access to diverse instructional delivery models, to facilitate the integration of technology within traditional classroom instruction, and to provide students with the skills they need to compete in the 21st century economy, the Legislature encourages instructional methods for blended learning courses consisting of both traditional classroom and online instructional techniques. Charter schools may implement blended learning courses which combine traditional classroom instruction and virtual instruction. Students in a blended learning course must be full-time students of the charter school pursuant to s. [1011.61\(1\)](#) (a)1. Instructional personnel certified pursuant to s. [1012.55](#) who provide virtual instruction for blended learning courses may be employees of the charter school or may be under contract to provide instructional services to charter school students. At a minimum, such instructional personnel must hold an active state or school district adjunct certification under s. [1012.57](#) for the subject area of the blended learning course. The funding and performance accountability requirements for blended learning courses are the same as those for traditional courses.

3. The current incoming baseline standard of student academic achievement, the outcomes to be achieved, and the method of measurement that will be used. The criteria listed in this subparagraph shall include a detailed description of:

- a. How the baseline student academic achievement levels and prior rates of academic progress will be established.

- b. How these baseline rates will be compared to rates of academic progress achieved by these same students while attending the charter school.

c. To the extent possible, how these rates of progress will be evaluated and compared with rates of progress of other closely comparable student populations.

The district school board is required to provide academic student performance data to charter schools for each of their students coming from the district school system, as well as rates of academic progress of comparable student populations in the district school system.

4. The methods used to identify the educational strengths and needs of students and how well educational goals and performance standards are met by students attending the charter school. The methods shall provide a means for the charter school to ensure accountability to its constituents by analyzing student performance data and by evaluating the effectiveness and efficiency of its major educational programs. Students in charter schools shall, at a minimum, participate in the statewide assessment program created under s. [1008.22](#).

5. In secondary charter schools, a method for determining that a student has satisfied the requirements for graduation in s. [1002.3105\(5\)](#), s. [1003.4281](#), or s. [1003.4282](#).

6. A method for resolving conflicts between the governing board of the charter school and the sponsor.

7. The admissions procedures and dismissal procedures, including the school's code of student conduct. Admission or dismissal must not be based on a student's academic performance.

8. The ways by which the school will achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.

9. The financial and administrative management of the school, including a reasonable demonstration of the professional experience or competence of those individuals or organizations applying to operate the charter school or those hired or retained to perform such professional services and the description of clearly delineated responsibilities and the policies and practices needed to effectively manage the charter school. A description of internal audit procedures and establishment of controls to ensure that financial resources are properly managed must be included. Both public sector and private sector professional experience shall be equally valid in such a consideration.

10. The asset and liability projections required in the application which are incorporated into the charter and shall be compared with information provided in the annual report of the charter school.

11. A description of procedures that identify various risks and provide for a comprehensive approach to reduce the impact of losses; plans to ensure the safety and security of students and staff; plans to identify, minimize, and protect others from violent or disruptive student behavior; and the manner in which the school will be insured, including whether or not the school will be required to have liability insurance, and, if so, the terms and conditions thereof and the amounts of coverage.

12. The term of the charter which shall provide for cancellation of the charter if insufficient progress has been made in attaining the student achievement objectives of the charter and if it is not likely that such objectives can be achieved before expiration of the charter. The initial term of a charter shall be for 5 years, excluding 2 planning years. In order to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a municipality or other public entity as provided by law are eligible for up to a 15-year charter, subject to approval by the district school board. A charter lab school is eligible for a charter for a term of up to 15 years. In addition, to facilitate access to long-term financial resources for charter school construction, charter schools that are operated by a private, not-for-profit, s. 501(c)(3) status corporation are eligible for up to a 15-year charter, subject to approval by the district school board. Such long-term charters remain subject to annual review and may be terminated during the term of the charter, but only according to the provisions set forth in subsection (8).

13. The facilities to be used and their location. The sponsor may not require a charter school to have a certificate of occupancy or a temporary certificate of occupancy for such a facility earlier than 15 calendar days before the first day of school.

14. The qualifications to be required of the teachers and the potential strategies used to recruit, hire, train, and retain qualified staff to achieve best value.

15. The governance structure of the school, including the status of the charter school as a public or private employer as required in paragraph (12)(i).

16. A timetable for implementing the charter which addresses the implementation of each element thereof and the date by which the charter shall be awarded in order to meet this timetable.

17. In the case of an existing public school that is being converted to charter status, alternative arrangements for current students who choose not to attend the charter school and for current teachers who choose not to teach in the charter school after conversion in accordance with the existing collective bargaining agreement or district school board rule in the absence of a collective bargaining agreement. However, alternative arrangements shall not be required for current teachers who choose not to teach in a charter lab school, except as authorized by the employment policies of the state university which grants the charter to the lab school.

18. Full disclosure of the identity of all relatives employed by the charter school who are related to the charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority. For the purpose of this subparagraph, the term "relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather, stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

19. Implementation of the activities authorized under s. [1002.331](#) by the charter school when it satisfies the eligibility requirements for a high-performing charter school. A high-performing charter school shall notify its sponsor in writing by March 1 if it intends to increase enrollment or expand grade levels the following school year. The written notice shall specify the amount of the enrollment increase and the grade levels that will be added, as applicable.

(b) The sponsor has 30 days after approval of the application to provide an initial proposed charter contract to the charter school. The applicant and the sponsor have 40 days thereafter to negotiate and notice the charter contract for final approval by the sponsor unless both parties agree to an extension. The proposed charter contract shall be provided to the charter school at least 7 calendar days before the date of the meeting at which the charter is scheduled to be voted upon by the sponsor. The Department of Education shall provide mediation services for any dispute regarding this section subsequent to the approval of a charter application and for any dispute relating to the approved charter, except a dispute regarding a charter school application denial. If the Commissioner of Education determines that the dispute cannot be settled through mediation, the dispute may be appealed to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on issues of equitable treatment of the charter school as a public school, whether proposed provisions of the charter violate the intended flexibility granted charter schools by statute, or any other matter regarding this section, except a dispute regarding charter school application denial, a charter termination, or a charter nonrenewal. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against.

(c)1. A charter may be renewed provided that a program review demonstrates that the criteria in paragraph (a) have been successfully accomplished and that none of the grounds for nonrenewal established by paragraph (8)(a) has been documented. In order to facilitate long-term financing for charter school construction, charter schools operating for a minimum of 3 years and demonstrating exemplary academic programming and fiscal management are eligible for a 15-year charter renewal. Such long-term charter is subject to annual review and may be terminated during the term of the charter.

2. The 15-year charter renewal that may be granted pursuant to subparagraph 1. shall be granted to a charter school that has received a school grade of "A" or "B" pursuant to s. [1008.34](#) in 3 of the past 4 years and is not in a state of financial emergency or deficit position as defined by this section. Such long-term charter is subject to annual review and may be terminated during the term of the charter pursuant to subsection (8).

¹(d) A charter may be modified during its initial term or any renewal term upon the recommendation of the sponsor or the charter school's governing board and the approval of both parties to the agreement. Modification

during any term may include, but is not limited to, consolidation of multiple charters into a single charter if the charters are operated under the same governing board, regardless of the renewal cycle. A charter school that is not subject to a school improvement plan and that closes as part of a consolidation shall be reported by the school district as a consolidation.

¹(e) A charter may be terminated by a charter school's governing board through voluntary closure. The decision to cease operations must be determined at a public meeting. The governing board shall notify the parents and sponsor of the public meeting in writing before the public meeting. The governing board must notify the sponsor, parents of enrolled students, and the department in writing within 24 hours after the public meeting of its determination. The notice shall state the charter school's intent to continue operations or the reason for the closure and acknowledge that the governing board agrees to follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(d)-(f) and (9)(o).

²(f) A charter may include a provision requiring the charter school to be held responsible for all costs associated with, but not limited to, mediation, damages, and attorney fees incurred by the district in connection with complaints to the Office of Civil Rights or the Equal Employment Opportunity Commission.

(8) CAUSES FOR NONRENEWAL OR TERMINATION OF CHARTER.—

¹(a) The sponsor shall make student academic achievement for all students the most important factor when determining whether to renew or terminate the charter. The sponsor may also choose not to renew or may terminate the charter if the sponsor finds that one of the grounds set forth below exists by clear and convincing evidence:

1. Failure to participate in the state's education accountability system created in s. 1008.31, as required in this section, or failure to meet the requirements for student performance stated in the charter.
2. Failure to meet generally accepted standards of fiscal management.
3. Material violation of law.
4. Other good cause shown.

¹(b) At least 90 days before renewing, nonrenewing, or terminating a charter, the sponsor shall notify the governing board of the school of the proposed action in writing. The notice shall state in reasonable detail the grounds for the proposed action and stipulate that the school's governing board may, within 14 calendar days after receiving the notice, request a hearing. The hearing shall be conducted by an administrative law judge assigned by the Division of Administrative Hearings. The hearing shall be conducted within 90 days after receipt of the request for a hearing and in accordance with chapter 120. The administrative law judge's final order shall be submitted to the sponsor. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the administrative proceeding and any appeals. The charter school's governing board may, within 30 calendar days after receiving the final order, appeal the decision pursuant to s. 120.68.

(c) A charter may be terminated immediately if the sponsor sets forth in writing the particular facts and circumstances indicating that an immediate and serious danger to the health, safety, or welfare of the charter school's students exists. The sponsor's determination is subject to the procedures set forth in paragraph (b), except that the hearing may take place after the charter has been terminated. The sponsor shall notify in writing the charter school's governing board, the charter school principal, and the department if a charter is terminated immediately. The sponsor shall clearly identify the specific issues that resulted in the immediate termination and provide evidence of prior notification of issues resulting in the immediate termination when appropriate. Upon receiving written notice from the sponsor, the charter school's governing board has 10 calendar days to request a hearing. A requested hearing must be expedited and the final order must be issued within 60 days after the date of request. The sponsor shall assume operation of the charter school throughout the pendency of the hearing under paragraph (b) unless the continued operation of the charter school would materially threaten the health, safety, or welfare of the students. Failure by the sponsor to assume and continue operation of the charter school shall result in the awarding of reasonable costs and attorney's fees to the charter school if the charter school prevails on appeal.

(d) When a charter is not renewed or is terminated, the school shall be dissolved under the provisions of law under which the school was organized, and any unencumbered public funds, except for capital outlay funds and

federal charter school program grant funds, from the charter school shall revert to the sponsor. Capital outlay funds provided pursuant to s. [1013.62](#) and federal charter school program grant funds that are unencumbered shall revert to the department to be redistributed among eligible charter schools. In the event a charter school is dissolved or is otherwise terminated, all district school board property and improvements, furnishings, and equipment purchased with public funds shall automatically revert to full ownership by the district school board, subject to complete satisfaction of any lawful liens or encumbrances. Any unencumbered public funds from the charter school, district school board property and improvements, furnishings, and equipment purchased with public funds, or financial or other records pertaining to the charter school, in the possession of any person, entity, or holding company, other than the charter school, shall be held in trust upon the district school board's request, until any appeal status is resolved.

(e) If a charter is not renewed or is terminated, the charter school is responsible for all debts of the charter school. The district may not assume the debt from any contract made between the governing body of the school and a third party, except for a debt that is previously detailed and agreed upon in writing by both the district and the governing body of the school and that may not reasonably be assumed to have been satisfied by the district.

(f) If a charter is not renewed or is terminated, a student who attended the school may apply to, and shall be enrolled in, another public school. Normal application deadlines shall be disregarded under such circumstances.

(9) CHARTER SCHOOL REQUIREMENTS.—

(a) A charter school shall be nonsectarian in its programs, admission policies, employment practices, and operations.

(b) A charter school shall admit students as provided in subsection (10).

(c) A charter school shall be accountable to its sponsor for performance as provided in subsection (7).

(d) A charter school shall not charge tuition or registration fees, except those fees normally charged by other public schools. However, a charter lab school may charge a student activity and service fee as authorized by s. [1002.32\(5\)](#).

(e) A charter school shall meet all applicable state and local health, safety, and civil rights requirements.

(f) A charter school shall not violate the antidiscrimination provisions of s. [1000.05](#).

(g)1. In order to provide financial information that is comparable to that reported for other public schools, charter schools are to maintain all financial records that constitute their accounting system:

a. In accordance with the accounts and codes prescribed in the most recent issuance of the publication titled "Financial and Program Cost Accounting and Reporting for Florida Schools"; or

b. At the discretion of the charter school's governing board, a charter school may elect to follow generally accepted accounting standards for not-for-profit organizations, but must reformat this information for reporting according to this paragraph.

2. Charter schools shall provide annual financial report and program cost report information in the state-required formats for inclusion in district reporting in compliance with s. [1011.60\(1\)](#). Charter schools that are operated by a municipality or are a component unit of a parent nonprofit organization may use the accounting system of the municipality or the parent but must reformat this information for reporting according to this paragraph.

3. A charter school shall, upon approval of the charter contract, provide the sponsor with a concise, uniform, monthly financial statement summary sheet that contains a balance sheet and a statement of revenue, expenditures, and changes in fund balance. The balance sheet and the statement of revenue, expenditures, and changes in fund balance shall be in the governmental funds format prescribed by the Governmental Accounting Standards Board. A high-performing charter school pursuant to s. [1002.331](#) may provide a quarterly financial statement in the same format and requirements as the uniform monthly financial statement summary sheet. The sponsor shall review each monthly or quarterly financial statement to identify the existence of any conditions identified in s. [1002.345\(1\)\(a\)](#).

4. A charter school shall maintain and provide financial information as required in this paragraph. The financial statement required in subparagraph 3. must be in a form prescribed by the Department of Education.

(h) The governing board of the charter school shall annually adopt and maintain an operating budget.

- (i) The governing body of the charter school shall exercise continuing oversight over charter school operations.
- (j) The governing body of the charter school shall be responsible for:
 1. Establishing and maintaining internal controls designed to:
 - a. Prevent and detect fraud, waste, and abuse as defined in s. [11.45\(1\)](#).
 - b. Promote and encourage compliance with applicable laws, rules, contracts, grant agreements, and best practices.
 - c. Support economical and efficient operations.
 - d. Ensure reliability of financial records and reports.
 - e. Safeguard assets.
 2. Ensuring that the charter school has retained the services of a certified public accountant or auditor for the annual financial audit, pursuant to s. [1002.345\(2\)](#), who shall submit the report to the governing body.
 3. Reviewing and approving the audit report, including audit findings and recommendations for the financial recovery plan.
 - 4.a. Performing the duties in s. [1002.345](#), including monitoring a corrective action plan.
 - b. Monitoring a financial recovery plan in order to ensure compliance.
 5. Participating in governance training approved by the department which must include government in the sunshine, conflicts of interest, ethics, and financial responsibility.
- (k) The governing body of the charter school shall report its progress annually to its sponsor, which shall forward the report to the Commissioner of Education at the same time as other annual school accountability reports. The Department of Education shall develop a uniform, online annual accountability report to be completed by charter schools. This report shall be easy to utilize and contain demographic information, student performance data, and financial accountability information. A charter school shall not be required to provide information and data that is duplicative and already in the possession of the department. The Department of Education shall include in its compilation a notation if a school failed to file its report by the deadline established by the department. The report shall include at least the following components:
 1. Student achievement performance data, including the information required for the annual school report and the education accountability system governed by ss. [1008.31](#) and [1008.345](#). Charter schools are subject to the same accountability requirements as other public schools, including reports of student achievement information that links baseline student data to the school's performance projections identified in the charter. The charter school shall identify reasons for any difference between projected and actual student performance.
 2. Financial status of the charter school which must include revenues and expenditures at a level of detail that allows for analysis of the charter school's ability to meet financial obligations and timely repayment of debt.
 3. Documentation of the facilities in current use and any planned facilities for use by the charter school for instruction of students, administrative functions, or investment purposes.
 4. Descriptive information about the charter school's personnel, including salary and benefit levels of charter school employees, the proportion of instructional personnel who hold professional or temporary certificates, and the proportion of instructional personnel teaching in-field or out-of-field.
 - (l) A charter school shall not levy taxes or issue bonds secured by tax revenues.
 - (m) A charter school shall provide instruction for at least the number of days required by law for other public schools and may provide instruction for additional days.
 - ¹(n)1. The director and a representative of the governing board of a charter school that has earned a grade of "D" or "F" pursuant to s. [1008.34](#) shall appear before the sponsor to present information concerning each contract component having noted deficiencies. The director and a representative of the governing board shall submit to the sponsor for approval a school improvement plan to raise student performance. Upon approval by the sponsor, the charter school shall begin implementation of the school improvement plan. The department shall offer technical assistance and training to the charter school and its governing board and establish guidelines for developing, submitting, and approving such plans.
 - 2.a. If a charter school earns three consecutive grades below a "C," the charter school governing board shall choose one of the following corrective actions:

- (I) Contract for educational services to be provided directly to students, instructional personnel, and school administrators, as prescribed in state board rule;
 - (II) Contract with an outside entity that has a demonstrated record of effectiveness to operate the school;
 - (III) Reorganize the school under a new director or principal who is authorized to hire new staff; or
 - (IV) Voluntarily close the charter school.
- b. The charter school must implement the corrective action in the school year following receipt of a third consecutive grade below a “C.”
 - c. The sponsor may annually waive a corrective action if it determines that the charter school is likely to improve a letter grade if additional time is provided to implement the intervention and support strategies prescribed by the school improvement plan. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of “F” is subject to subparagraph 3.
 - d. A charter school is no longer required to implement a corrective action if it improves to a “C” or higher. However, the charter school must continue to implement strategies identified in the school improvement plan. The sponsor must annually review implementation of the school improvement plan to monitor the school’s continued improvement pursuant to subparagraph 4.
 - e. A charter school implementing a corrective action that does not improve to a “C” or higher after 2 full school years of implementing the corrective action must select a different corrective action. Implementation of the new corrective action must begin in the school year following the implementation period of the existing corrective action, unless the sponsor determines that the charter school is likely to improve to a “C” or higher if additional time is provided to implement the existing corrective action. Notwithstanding this sub-subparagraph, a charter school that earns a second consecutive grade of “F” while implementing a corrective action is subject to subparagraph 3.
3. A charter school’s charter contract is automatically terminated if the school earns two consecutive grades of “F” after all school grade appeals are final unless:
 - a. The charter school is established to turn around the performance of a district public school pursuant to s. 1008.33(4)(b)2. Such charter schools shall be governed by s. 1008.33;
 - b. The charter school serves a student population the majority of which resides in a school zone served by a district public school subject to s. 1008.33(4) and the charter school earns at least a grade of “D” in its third year of operation. The exception provided under this sub-subparagraph does not apply to a charter school in its fourth year of operation and thereafter; or
 - c. The state board grants the charter school a waiver of termination. The charter school must request the waiver within 15 days after the department’s official release of school grades. The state board may waive termination if the charter school demonstrates that the Learning Gains of its students on statewide assessments are comparable to or better than the Learning Gains of similarly situated students enrolled in nearby district public schools. The waiver is valid for 1 year and may only be granted once. Charter schools that have been in operation for more than 5 years are not eligible for a waiver under this sub-subparagraph.

The sponsor shall notify the charter school’s governing board, the charter school principal, and the department in writing when a charter contract is terminated under this subparagraph. A charter terminated under this subparagraph must follow the procedures for dissolution and reversion of public funds pursuant to paragraphs (8)(d)-(f) and (9)(o).

4. The director and a representative of the governing board of a graded charter school that has implemented a school improvement plan under this paragraph shall appear before the sponsor at least once a year to present information regarding the progress of intervention and support strategies implemented by the school pursuant to the school improvement plan and corrective actions, if applicable. The sponsor shall communicate at the meeting, and in writing to the director, the services provided to the school to help the school address its deficiencies.
5. Notwithstanding any provision of this paragraph except sub-subparagraphs 3.a.-c., the sponsor may terminate the charter at any time pursuant to subsection (8).

(o)1. Upon initial notification of nonrenewal, closure, or termination of its charter, a charter school may not expend more than \$10,000 per expenditure without prior written approval from the sponsor unless such expenditure was included within the annual budget submitted to the sponsor pursuant to the charter contract, is for reasonable attorney fees and costs during the pendency of any appeal, or is for reasonable fees and costs to conduct an independent audit.

2. An independent audit shall be completed within 30 days after notice of nonrenewal, closure, or termination to account for all public funds and assets.

3. A provision in a charter contract that contains an acceleration clause requiring the expenditure of funds based upon closure or upon notification of nonrenewal or termination is void and unenforceable.

4. A charter school may not enter into a contract with an employee that exceeds the term of the school's charter contract with its sponsor.

5. A violation of this paragraph triggers a reversion or clawback power by the sponsor allowing for collection of an amount equal to or less than the accelerated amount that exceeds normal expenditures. The reversion or clawback plus legal fees and costs shall be levied against the person or entity receiving the accelerated amount.

(p)1. Each charter school shall maintain a website that enables the public to obtain information regarding the school; the school's academic performance; the names of the governing board members; the programs at the school; any management companies, service providers, or education management corporations associated with the school; the school's annual budget and its annual independent fiscal audit; the school's grade pursuant to s. [1008.34](#); and, on a quarterly basis, the minutes of governing board meetings.

2. Each charter school's governing board must appoint a representative to facilitate parental involvement, provide access to information, assist parents and others with questions and concerns, and resolve disputes. The representative must reside in the school district in which the charter school is located and may be a governing board member, a charter school employee, or an individual contracted to represent the governing board. If the governing board oversees multiple charter schools in the same school district, the governing board must appoint a separate representative for each charter school in the district. The representative's contact information must be provided annually in writing to parents and posted prominently on the charter school's website. The sponsor may not require governing board members to reside in the school district in which the charter school is located if the charter school complies with this subparagraph.

3. Each charter school's governing board must hold at least two public meetings per school year in the school district where the charter school is located. The meetings must be noticed, open, and accessible to the public, and attendees must be provided an opportunity to receive information and provide input regarding the charter school's operations. The appointed representative and charter school principal or director, or his or her designee, must be physically present at each meeting. Members of the governing board may attend in person or by means of communications media technology used in accordance with rules adopted by the Administration Commission under s. [120.54\(5\)](#).

(q) The charter school principal or the principal's designee shall immediately notify the parent of a student who is removed from school, school transportation, or a school-sponsored activity and taken to a receiving facility for an involuntary examination pursuant to s. [394.463](#). The principal or the principal's designee may delay notification for no more than 24 hours after the student is removed if the principal or the principal's designee deems the delay to be in the student's best interest and if a report has been submitted to the central abuse hotline, pursuant to s. [39.201](#), based upon knowledge or suspicion of abuse, abandonment, or neglect. Before a principal or his or her designee contacts a law enforcement officer, he or she must verify that de-escalation strategies have been utilized and outreach to a mobile response team has been initiated unless the principal or the principal's designee reasonably believes that any delay in removing the student will increase the likelihood of harm to the student or others. This requirement does not supersede the authority of a law enforcement officer to act under s. [394.463](#). Each charter school governing board shall develop a policy and procedures for notification under this paragraph.

(10) ELIGIBLE STUDENTS.—

(a) A charter school may be exempt from the requirements of s. [1002.31](#) if the school is open to any student covered in an interdistrict agreement and any student residing in the school district in which the charter school is located. However, in the case of a charter lab school, the charter lab school shall be open to any student eligible to attend the lab school as provided in s. [1002.32](#) or who resides in the school district in which the charter lab school is located. Any eligible student shall be allowed interdistrict transfer to attend a charter school when based on good cause. Good cause shall include, but is not limited to, geographic proximity to a charter school in a neighboring school district.

(b) The charter school shall enroll an eligible student who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level, or building. In such case, all applicants shall have an equal chance of being admitted through a random selection process.

(c) When a public school converts to charter status, enrollment preference shall be given to students who would have otherwise attended that public school. The district school board shall consult and negotiate with the conversion charter school every 3 years to determine whether realignment of the conversion charter school's attendance zone is appropriate in order to ensure that students residing closest to the charter school are provided with an enrollment preference.

(d) A charter school may give enrollment preference to the following student populations:

1. Students who are siblings of a student enrolled in the charter school.
2. Students who are the children of a member of the governing board of the charter school.
3. Students who are the children of an employee of the charter school.
4. Students who are the children of:
 - a. An employee of the business partner of a charter school-in-the-workplace established under paragraph (15)(b) or a resident of the municipality in which such charter school is located; or
 - b. A resident or employee of a municipality that operates a charter school-in-a-municipality pursuant to paragraph (15)(c) or allows a charter school to use a school facility or portion of land provided by the municipality for the operation of the charter school.

5. Students who have successfully completed a voluntary prekindergarten education program under ss. [1002.51-1002.79](#) provided by the charter school or the charter school's governing board during the previous year.

6. Students who are the children of an active duty member of any branch of the United States Armed Forces.
7. Students who attended or are assigned to failing schools pursuant to s. [1002.38\(2\)](#).

¹(e) A charter school may limit the enrollment process only to target the following student populations:

1. Students within specific age groups or grade levels.
2. Students considered at risk of dropping out of school or academic failure. Such students shall include exceptional education students.
3. Students enrolling in a charter school-in-the-workplace or charter school-in-a-municipality established pursuant to subsection (15).
4. Students residing within a reasonable distance of the charter school, as described in paragraph (20)(c). Such students shall be subject to a random lottery and to the racial/ethnic balance provisions described in subparagraph (7)(a)8. or any federal provisions that require a school to achieve a racial/ethnic balance reflective of the community it serves or within the racial/ethnic range of other public schools in the same school district.
5. Students who meet reasonable academic, artistic, or other eligibility standards established by the charter school and included in the charter school application and charter or, in the case of existing charter schools, standards that are consistent with the school's mission and purpose. Such standards shall be in accordance with current state law and practice in public schools and may not discriminate against otherwise qualified individuals.
6. Students articulating from one charter school to another pursuant to an articulation agreement between the charter schools that has been approved by the sponsor.
7. Students living in a development in which a business entity provides the school facility and related property having an appraised value of at least \$5 million to be used as a charter school to mitigate the educational impact created by the development of new residential dwelling units. Students living in the development shall be entitled to no more than 50 percent of the student stations in the charter school. The students who are eligible for

enrollment are subject to a random lottery, the racial/ethnic balance provisions, or any federal provisions, as described in subparagraph 4. The remainder of the student stations shall be filled in accordance with subparagraph 4.

(f) Students with disabilities and students served in English for Speakers of Other Languages programs shall have an equal opportunity of being selected for enrollment in a charter school.

(g) A student may withdraw from a charter school at any time and enroll in another public school as determined by district school board rule.

(h) The capacity of the charter school shall be determined annually by the governing board, in conjunction with the sponsor, of the charter school in consideration of the factors identified in this subsection unless the charter school is designated as a high-performing charter school pursuant to s. [1002.331](#). A sponsor may not require a charter school to waive the provisions of s. [1002.331](#) or require a student enrollment cap that prohibits a high-performing charter school from increasing enrollment in accordance with s. [1002.331\(2\)](#) as a condition of approval or renewal of a charter.

(i) The capacity of a high-performing charter school identified pursuant to s. [1002.331](#) shall be determined annually by the governing board of the charter school. The governing board shall notify the sponsor of any increase in enrollment by March 1 of the school year preceding the increase. A sponsor may not require a charter school to identify the names of students to be enrolled or to enroll those students before the start of the school year as a condition of approval or renewal of a charter.

(11) PARTICIPATION IN INTERSCHOLASTIC EXTRACURRICULAR ACTIVITIES.—A charter school student is eligible to participate in an interscholastic extracurricular activity at the public school to which the student would be otherwise assigned to attend pursuant to s. [1006.15\(3\)\(d\)](#).

(12) EMPLOYEES OF CHARTER SCHOOLS.—

(a) A charter school shall select its own employees. A charter school may contract with its sponsor for the services of personnel employed by the sponsor.

(b) Charter school employees shall have the option to bargain collectively. Employees may collectively bargain as a separate unit or as part of the existing district collective bargaining unit as determined by the structure of the charter school.

(c) The employees of a conversion charter school shall remain public employees for all purposes, unless such employees choose not to do so.

(d) The teachers at a charter school may choose to be part of a professional group that subcontracts with the charter school to operate the instructional program under the auspices of a partnership or cooperative that they collectively own. Under this arrangement, the teachers would not be public employees.

(e) Employees of a school district may take leave to accept employment in a charter school upon the approval of the district school board. While employed by the charter school and on leave that is approved by the district school board, the employee may retain seniority accrued in that school district and may continue to be covered by the benefit programs of that school district, if the charter school and the district school board agree to this arrangement and its financing. School districts shall not require resignations of teachers desiring to teach in a charter school. This paragraph shall not prohibit a district school board from approving alternative leave arrangements consistent with chapter 1012.

(f) Teachers employed by or under contract to a charter school shall be certified as required by chapter 1012. A charter school governing board may employ or contract with skilled selected noncertified personnel to provide instructional services or to assist instructional staff members as education paraprofessionals in the same manner as defined in chapter 1012, and as provided by State Board of Education rule for charter school governing boards. A charter school may not knowingly employ an individual to provide instructional services or to serve as an education paraprofessional if the individual's certification or licensure as an educator is suspended or revoked by this or any other state. A charter school may not knowingly employ an individual who has resigned from a school district in lieu of disciplinary action with respect to child welfare or safety, or who has been dismissed for just cause by any school district with respect to child welfare or safety. The qualifications of teachers shall be disclosed to parents.

(g)1. A charter school shall employ or contract with employees who have undergone background screening as provided in s. [1012.32](#). Members of the governing board of the charter school shall also undergo background screening in a manner similar to that provided in s. [1012.32](#).

2. A charter school shall disqualify instructional personnel and school administrators, as defined in s. [1012.01](#), from employment in any position that requires direct contact with students if the personnel or administrators are ineligible for such employment under s. [1012.315](#).

3. The governing board of a charter school shall adopt policies establishing standards of ethical conduct for instructional personnel and school administrators. The policies must require all instructional personnel and school administrators, as defined in s. [1012.01](#), to complete training on the standards; establish the duty of instructional personnel and school administrators to report, and procedures for reporting, alleged misconduct by other instructional personnel and school administrators which affects the health, safety, or welfare of a student; and include an explanation of the liability protections provided under ss. [39.203](#) and [768.095](#). A charter school, or any of its employees, may not enter into a confidentiality agreement regarding terminated or dismissed instructional personnel or school administrators, or personnel or administrators who resign in lieu of termination, based in whole or in part on misconduct that affects the health, safety, or welfare of a student, and may not provide instructional personnel or school administrators with employment references or discuss the personnel's or administrators' performance with prospective employers in another educational setting, without disclosing the personnel's or administrators' misconduct. Any part of an agreement or contract that has the purpose or effect of concealing misconduct by instructional personnel or school administrators which affects the health, safety, or welfare of a student is void, is contrary to public policy, and may not be enforced.

4. Before employing instructional personnel or school administrators in any position that requires direct contact with students, a charter school shall conduct employment history checks of each of the personnel's or administrators' previous employers, screen the instructional personnel or school administrators through use of the educator screening tools described in s. [1001.10\(5\)](#), and document the findings. If unable to contact a previous employer, the charter school must document efforts to contact the employer.

5. The sponsor of a charter school that knowingly fails to comply with this paragraph shall terminate the charter under subsection (8).

(h) For the purposes of tort liability, the charter school, including its governing body and employees, shall be governed by s. [768.28](#). This paragraph does not include any for-profit entity contracted by the charter school or its governing body.

(i) A charter school shall organize as, or be operated by, a nonprofit organization. A charter school may be operated by a municipality or other public entity as provided for by law. As such, the charter school may be either a private or a public employer. As a public employer, a charter school may participate in the Florida Retirement System upon application and approval as a "covered group" under s. [121.021\(34\)](#). If a charter school participates in the Florida Retirement System, the charter school employees shall be compulsory members of the Florida Retirement System. As either a private or a public employer, a charter school may contract for services with an individual or group of individuals who are organized as a partnership or a cooperative. Individuals or groups of individuals who contract their services to the charter school are not public employees.

(13) CHARTER SCHOOL COOPERATIVES.—Charter schools may enter into cooperative agreements to form charter school cooperative organizations that may provide services to further educational, operational, and administrative initiatives in which the participating charter schools share common interests.

(14) CHARTER SCHOOL FINANCIAL ARRANGEMENTS; INDEMNIFICATION OF THE STATE AND SCHOOL DISTRICT; CREDIT OR TAXING POWER NOT TO BE PLEDGED.—Any arrangement entered into to borrow or otherwise secure funds for a charter school authorized in this section from a source other than the state or a school district shall indemnify the state and the school district from any and all liability, including, but not limited to, financial responsibility for the payment of the principal or interest. Any loans, bonds, or other financial agreements are not obligations of the state or the school district but are obligations of the charter school authority and are payable solely from the sources of funds pledged by such agreement. The credit or taxing power of the state or the school

district shall not be pledged and no debts shall be payable out of any moneys except those of the legal entity in possession of a valid charter approved by a district school board pursuant to this section.

(15) CHARTER SCHOOLS-IN-THE-WORKPLACE; CHARTER SCHOOLS-IN-A-MUNICIPALITY.—

(a) In order to increase business partnerships in education, to reduce school and classroom overcrowding throughout the state, and to offset the high costs for educational facilities construction, the Legislature intends to encourage the formation of business partnership schools or satellite learning centers and municipal-operated schools through charter school status.

(b) A charter school-in-the-workplace may be established when a business partner provides the school facility to be used; enrolls students based upon a random lottery that involves all of the children of employees of that business or corporation who are seeking enrollment, as provided for in subsection (10); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (7)(a)8. Any portion of a facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. [1013.54](#), for the duration of its use as a public school.

(c) A charter school-in-a-municipality designation may be granted to a municipality that possesses a charter; enrolls students based upon a random lottery that involves all of the children of the residents of that municipality who are seeking enrollment, as provided for in subsection (10); and enrolls students according to the racial/ethnic balance provisions described in subparagraph (7)(a)8. When a municipality has submitted charter applications for the establishment of a charter school feeder pattern, consisting of elementary, middle, and senior high schools, and each individual charter application is approved by the district school board, such schools shall then be designated as one charter school for all purposes listed pursuant to this section. Any portion of the land and facility used for a public charter school shall be exempt from ad valorem taxes, as provided for in s. [1013.54](#), for the duration of its use as a public school.

(d) As used in this subsection, the terms “business partner” or “municipality” may include more than one business or municipality to form a charter school-in-the-workplace or charter school-in-a-municipality.

(16) EXEMPTION FROM STATUTES.—

(a) A charter school shall operate in accordance with its charter and shall be exempt from all statutes in chapters 1000-1013. However, a charter school shall be in compliance with the following statutes in chapters 1000-1013:

1. Those statutes specifically applying to charter schools, including this section.
2. Those statutes pertaining to the student assessment program and school grading system.
3. Those statutes pertaining to the provision of services to students with disabilities.
4. Those statutes pertaining to civil rights, including s. [1000.05](#), relating to discrimination.
5. Those statutes pertaining to student health, safety, and welfare.

(b) Additionally, a charter school shall be in compliance with the following statutes:

1. Section [286.011](#), relating to public meetings and records, public inspection, and criminal and civil penalties.
2. Chapter 119, relating to public records.
3. Section [1003.03](#), relating to the maximum class size, except that the calculation for compliance pursuant to s. [1003.03](#) shall be the average at the school level.
4. Section [1012.22\(1\)\(c\)](#), relating to compensation and salary schedules.
5. Section [1012.33\(5\)](#), relating to workforce reductions.
6. Section [1012.335](#), relating to contracts with instructional personnel hired on or after July 1, 2011.
7. Section [1012.34](#), relating to the substantive requirements for performance evaluations for instructional personnel and school administrators.
8. Section [1006.12](#), relating to safe-school officers.
9. Section [1006.07\(7\)](#), relating to threat assessment teams.
10. Section [1006.07\(9\)](#), relating to School Environmental Safety Incident Reporting.
11. Section [1006.1493](#), relating to the Florida Safe Schools Assessment Tool.
12. Section [1006.07\(6\)\(c\)](#), relating to adopting an active assailant response plan.
13. Section [943.082\(4\)\(b\)](#), relating to the mobile suspicious activity reporting tool.

14. Section [1012.584](#), relating to youth mental health awareness and assistance training.

(c) For purposes of subparagraphs (b)4.-7.:

1. The duties assigned to a district school superintendent apply to charter school administrative personnel, as defined in s. [1012.01\(3\)\(a\)](#) and (b), and the charter school governing board shall designate at least one administrative person to be responsible for such duties.

2. The duties assigned to a district school board apply to a charter school governing board.

3. A charter school may hire instructional personnel and other employees on an at-will basis.

4. Notwithstanding any provision to the contrary, instructional personnel and other employees on contract may be suspended or dismissed any time during the term of the contract without cause.

(17) FUNDING.—Students enrolled in a charter school, regardless of the sponsorship, shall be funded as if they are in a basic program or a special program, the same as students enrolled in other public schools in the school district. Funding for a charter lab school shall be as provided in s. [1002.32](#).

(a) Each charter school shall report its student enrollment to the sponsor as required in s. [1011.62](#), and in accordance with the definitions in s. [1011.61](#). The sponsor shall include each charter school's enrollment in the district's report of student enrollment. All charter schools submitting student record information required by the Department of Education shall comply with the Department of Education's guidelines for electronic data formats for such data, and all districts shall accept electronic data that complies with the Department of Education's electronic format.

(b) The basis for the agreement for funding students enrolled in a charter school shall be the sum of the school district's operating funds from the Florida Education Finance Program as provided in s. [1011.62](#) and the General Appropriations Act, including gross state and local funds, discretionary lottery funds, and funds from the school district's current operating discretionary millage levy; divided by total funded weighted full-time equivalent students in the school district; multiplied by the weighted full-time equivalent students for the charter school. Charter schools whose students or programs meet the eligibility criteria in law are entitled to their proportionate share of categorical program funds included in the total funds available in the Florida Education Finance Program by the Legislature, including transportation, the research-based reading allocation, and the Florida digital classrooms allocation. Total funding for each charter school shall be recalculated during the year to reflect the revised calculations under the Florida Education Finance Program by the state and the actual weighted full-time equivalent students reported by the charter school during the full-time equivalent student survey periods designated by the Commissioner of Education. For charter schools operated by a not-for-profit or municipal entity, any unrestricted current and capital assets identified in the charter school's annual financial audit may be used for other charter schools operated by the not-for-profit or municipal entity within the school district. Unrestricted current assets shall be used in accordance with s. [1011.62](#), and any unrestricted capital assets shall be used in accordance with s. [1013.62\(2\)](#).

(c) Pursuant to 20 U.S.C. 8061 s. 10306, all charter schools shall receive all federal funding for which the school is otherwise eligible, including Title I funding, not later than 5 months after the charter school first opens and within 5 months after any subsequent expansion of enrollment. Unless otherwise mutually agreed to by the charter school and its sponsor, and consistent with state and federal rules and regulations governing the use and disbursement of federal funds, the sponsor shall reimburse the charter school on a monthly basis for all invoices submitted by the charter school for federal funds available to the sponsor for the benefit of the charter school, the charter school's students, and the charter school's students as public school students in the school district. Such federal funds include, but are not limited to, Title I, Title II, and Individuals with Disabilities Education Act (IDEA) funds. To receive timely reimbursement for an invoice, the charter school must submit the invoice to the sponsor at least 30 days before the monthly date of reimbursement set by the sponsor. In order to be reimbursed, any expenditures made by the charter school must comply with all applicable state rules and federal regulations, including, but not limited to, the applicable federal Office of Management and Budget Circulars; the federal Education Department General Administrative Regulations; and program-specific statutes, rules, and regulations. Such funds may not be made available to the charter school until a plan is submitted to the sponsor for approval of

the use of the funds in accordance with applicable federal requirements. The sponsor has 30 days to review and approve any plan submitted pursuant to this paragraph.

(d) Charter schools shall be included by the Department of Education and the district school board in requests for federal stimulus funds in the same manner as district school board-operated public schools, including Title I and IDEA funds and shall be entitled to receive such funds. Charter schools are eligible to participate in federal competitive grants that are available as part of the federal stimulus funds.

(e) District school boards shall make timely and efficient payment and reimbursement to charter schools, including processing paperwork required to access special state and federal funding for which they may be eligible. Payments of funds under paragraph (b) shall be made monthly or twice a month, beginning with the start of the district school board's fiscal year. Each payment shall be one-twelfth, or one twenty-fourth, as applicable, of the total state and local funds described in paragraph (b) and adjusted as set forth therein. For the first 2 years of a charter school's operation, if a minimum of 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the district school board shall distribute funds to the school for the months of July through October based on the projected full-time equivalent student membership of the charter school as submitted in the approved application. If less than 75 percent of the projected enrollment is entered into the sponsor's student information system by the first day of the current month, the sponsor shall base payments on the actual number of student enrollment entered into the sponsor's student information system. Thereafter, the results of full-time equivalent student membership surveys shall be used in adjusting the amount of funds distributed monthly to the charter school for the remainder of the fiscal year. The payments shall be issued no later than 10 working days after the district school board receives a distribution of state or federal funds or the date the payment is due pursuant to this subsection. If a warrant for payment is not issued within 10 working days after receipt of funding by the district school board, the school district shall pay to the charter school, in addition to the amount of the scheduled disbursement, interest at a rate of 1 percent per month calculated on a daily basis on the unpaid balance from the expiration of the 10 working days until such time as the warrant is issued. The district school board may not delay payment to a charter school of any portion of the funds provided in paragraph (b) based on the timing of receipt of local funds by the district school board.

(f) Funding for a virtual charter school shall be as provided in s. [1002.45\(7\)](#).

(g) To be eligible for public education capital outlay (PECO) funds, a charter school must be located in the State of Florida.

(h) A charter school that implements a schoolwide standard student attire policy pursuant to s. [1011.78](#) is eligible to receive incentive payments.

(18) FACILITIES.—

(a) A startup charter school shall utilize facilities which comply with the Florida Building Code pursuant to chapter 553 except for the State Requirements for Educational Facilities. Conversion charter schools shall utilize facilities that comply with the State Requirements for Educational Facilities provided that the school district and the charter school have entered into a mutual management plan for the reasonable maintenance of such facilities. The mutual management plan shall contain a provision by which the district school board agrees to maintain charter school facilities in the same manner as its other public schools within the district. Charter schools, with the exception of conversion charter schools, are not required to comply, but may choose to comply, with the State Requirements for Educational Facilities of the Florida Building Code adopted pursuant to s. [1013.37](#). The local governing authority shall not adopt or impose any local building requirements or site-development restrictions, such as parking and site-size criteria, student enrollment, and occupant load, that are addressed by and more stringent than those found in the State Requirements for Educational Facilities of the Florida Building Code. A local governing authority must treat charter schools equitably in comparison to similar requirements, restrictions, and site planning processes imposed upon public schools that are not charter schools. The agency having jurisdiction for inspection of a facility and issuance of a certificate of occupancy or use shall be the local municipality or, if in an unincorporated area, the county governing authority. If an official or employee of the local governing authority refuses to comply with this paragraph, the aggrieved school or entity has an immediate right to bring an action in

circuit court to enforce its rights by injunction. An aggrieved party that receives injunctive relief may be awarded attorney fees and court costs.

(b) A charter school shall use facilities that comply with the Florida Fire Prevention Code, pursuant to s. [633.208](#), as adopted by the authority in whose jurisdiction the facility is located as provided in paragraph (a).

(c) Any facility, or portion thereof, used to house a charter school whose charter has been approved by the sponsor and the governing board, pursuant to subsection (7), shall be exempt from ad valorem taxes pursuant to s. [196.1983](#). Library, community service, museum, performing arts, theatre, cinema, church, Florida College System institution, college, and university facilities may provide space to charter schools within their facilities under their preexisting zoning and land use designations without obtaining a special exception, rezoning, or a land use change.

(d) Charter school facilities are exempt from assessments of fees for building permits, except as provided in s. [553.80](#); fees for building and occupational licenses; impact fees or exactions; service availability fees; and assessments for special benefits.

(e) If a district school board facility or property is available because it is surplus, marked for disposal, or otherwise unused, it shall be provided for a charter school's use on the same basis as it is made available to other public schools in the district. A charter school receiving property from the school district may not sell or dispose of such property without written permission of the school district. Similarly, for an existing public school converting to charter status, no rental or leasing fee for the existing facility or for the property normally inventoried to the conversion school may be charged by the district school board to the parents and teachers organizing the charter school. The charter school shall agree to reasonable maintenance provisions in order to maintain the facility in a manner similar to district school board standards. The Public Education Capital Outlay maintenance funds or any other maintenance funds generated by the facility operated as a conversion school shall remain with the conversion school.

(f) To the extent that charter school facilities are specifically created to mitigate the educational impact created by the development of new residential dwelling units, pursuant to subparagraph (2)(c)4., some of or all of the educational impact fees required to be paid in connection with the new residential dwelling units may be designated instead for the construction of the charter school facilities that will mitigate the student station impact. Such facilities shall be built to the State Requirements for Educational Facilities and shall be owned by a public or nonprofit entity. The local school district retains the right to monitor and inspect such facilities to ensure compliance with the State Requirements for Educational Facilities. If a facility ceases to be used for public educational purposes, either the facility shall revert to the school district subject to any debt owed on the facility, or the owner of the facility shall have the option to refund all educational impact fees utilized for the facility to the school district. The district and the owner of the facility may contractually agree to another arrangement for the facilities if the facilities cease to be used for educational purposes. The owner of property planned or approved for new residential dwelling units and the entity levying educational impact fees shall enter into an agreement that designates the educational impact fees that will be allocated for the charter school student stations and that ensures the timely construction of the charter school student stations concurrent with the expected occupancy of the residential units. The application for use of educational impact fees shall include an approved charter school application. To assist the school district in forecasting student station needs, the entity levying the impact fees shall notify the affected district of any agreements it has approved for the purpose of mitigating student station impact from the new residential dwelling units.

(g) Each school district shall annually provide to the Department of Education as part of its 5-year work plan the number of existing vacant classrooms in each school that the district does not intend to use or does not project will be needed for educational purposes for the following school year. The department may recommend that a district make such space available to an appropriate charter school.

(19) CAPITAL OUTLAY FUNDING.—Charter schools are eligible for capital outlay funds pursuant to ss. [1011.71\(2\)](#) and [1013.62](#). Capital outlay funds authorized in ss. [1011.71\(2\)](#) and [1013.62](#) which have been shared with a charter school-in-the-workplace prior to July 1, 2010, are deemed to have met the authorized expenditure requirements for such funds.

(20) SERVICES.—

¹(a)1. A sponsor shall provide certain administrative and educational services to charter schools. These services shall include contract management services; full-time equivalent and data reporting services; exceptional student education administration services; services related to eligibility and reporting duties required to ensure that school lunch services under the National School Lunch Program, consistent with the needs of the charter school, are provided by the school district at the request of the charter school, that any funds due to the charter school under the National School Lunch Program be paid to the charter school as soon as the charter school begins serving food under the National School Lunch Program, and that the charter school is paid at the same time and in the same manner under the National School Lunch Program as other public schools serviced by the sponsor or the school district; test administration services, including payment of the costs of state-required or district-required student assessments; processing of teacher certificate data services; and information services, including equal access to student information systems that are used by public schools in the district in which the charter school is located. Student performance data for each student in a charter school, including, but not limited to, FCAT scores, standardized test scores, previous public school student report cards, and student performance measures, shall be provided by the sponsor to a charter school in the same manner provided to other public schools in the district.

2. A sponsor may withhold an administrative fee for the provision of such services which shall be a percentage of the available funds defined in paragraph (17)(b) calculated based on weighted full-time equivalent students. If the charter school serves 75 percent or more exceptional education students as defined in s. 1003.01(3), the percentage shall be calculated based on unweighted full-time equivalent students. The administrative fee shall be calculated as follows:

a. Up to 5 percent for:

(I) Enrollment of up to and including 250 students in a charter school as defined in this section.

(II) Enrollment of up to and including 500 students within a charter school system which meets all of the

following:

(A) Includes conversion charter schools and nonconversion charter schools.

(B) Has all of its schools located in the same county.

(C) Has a total enrollment exceeding the total enrollment of at least one school district in the state.

(D) Has the same governing board for all of its schools.

(E) Does not contract with a for-profit service provider for management of school operations.

(III) Enrollment of up to and including 250 students in a virtual charter school.

b. Up to 2 percent for enrollment of up to and including 250 students in a high-performing charter school as defined in s. 1002.331.

3. A sponsor may not charge charter schools any additional fees or surcharges for administrative and educational services in addition to the maximum percentage of administrative fees withheld pursuant to this paragraph.

4. A sponsor shall provide to the department by September 15 of each year the total amount of funding withheld from charter schools pursuant to this subsection for the prior fiscal year. The department must include the information in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

¹(b) If goods and services are made available to the charter school through the contract with the school district, they shall be provided to the charter school at a rate no greater than the district's actual cost unless mutually agreed upon by the charter school and the sponsor in a contract negotiated separately from the charter. When mediation has failed to resolve disputes over contracted services or contractual matters not included in the charter, an appeal may be made to an administrative law judge appointed by the Division of Administrative Hearings. The administrative law judge has final order authority to rule on the dispute. The administrative law judge shall award the prevailing party reasonable attorney fees and costs incurred during the mediation process, administrative proceeding, and any appeals, to be paid by the party whom the administrative law judge rules against. To maximize the use of state funds, school districts shall allow charter schools to participate in the sponsor's bulk purchasing program if applicable.

(c) Transportation of charter school students shall be provided by the charter school consistent with the requirements of subpart I.E. of chapter 1006 and s. 1012.45. The governing body of the charter school may provide

transportation through an agreement or contract with the district school board, a private provider, or parents. The charter school and the sponsor shall cooperate in making arrangements that ensure that transportation is not a barrier to equal access for all students residing within a reasonable distance of the charter school as determined in its charter.

(d) Each charter school shall annually complete and submit a survey, provided in a format specified by the Department of Education, to rate the timeliness and quality of services provided by the district in accordance with this section. The department shall compile the results, by district, and include the results in the report required under sub-sub-subparagraph (5)(b)1.k.(III).

(21) PUBLIC INFORMATION ON CHARTER SCHOOLS.—

(a) The Department of Education shall provide information to the public, directly and through sponsors, on how to form and operate a charter school and how to enroll in a charter school once it is created. This information shall include the standard application form, standard charter contract, standard evaluation instrument, and standard charter renewal contract, which shall include the information specified in subsection (7) and shall be developed by consulting and negotiating with both school districts and charter schools before implementation. The charter and charter renewal contracts shall be used by charter school sponsors.

(b)1. The Department of Education shall report to each charter school receiving a school grade pursuant to s. [1008.34](#) or a school improvement rating pursuant to s. [1008.341](#) the school's student assessment data.

2. The charter school shall report the information in subparagraph 1. to each parent of a student at the charter school, the parent of a child on a waiting list for the charter school, the district in which the charter school is located, and the governing board of the charter school. This paragraph does not abrogate the provisions of s. [1002.22](#), relating to student records, or the requirements of 20 U.S.C. s. 1232g, the Family Educational Rights and Privacy Act.

(22) FACILITIES SHARED BY CHARTER SCHOOLS.—

(a) If a charter school moves out of a facility that is shared with another charter school having a separate Master School Identification Number, the charter school must provide for an audit of all equipment, educational materials and supplies, curriculum materials, and other items purchased or developed with federal charter school program grant funds, and such items must be transferred to the charter school's new location. The audit report must be submitted to the Department of Education within 60 days after completion.

(b) A charter school may not transfer an enrolled student to another charter school having a separate Master School Identification Number without first obtaining the written approval of the student's parent.

(23) ANALYSIS OF CHARTER SCHOOL PERFORMANCE.—Upon receipt of the annual report required by paragraph (9)(k), the Department of Education shall provide to the State Board of Education, the Commissioner of Education, the Governor, the President of the Senate, and the Speaker of the House of Representatives an analysis and comparison of the overall performance of charter school students, to include all students whose scores are counted as part of the statewide assessment program, versus comparable public school students in the district as determined by the statewide assessment program currently administered in the school district, and other assessments administered pursuant to s. [1008.22\(3\)](#).

(24) RESTRICTION ON EMPLOYMENT OF RELATIVES.—

(a) This subsection applies to charter school personnel in a charter school operated by a private entity. As used in this subsection, the term:

1. "Charter school personnel" means a charter school owner, president, chairperson of the governing board of directors, superintendent, governing board member, principal, assistant principal, or any other person employed by the charter school who has equivalent decisionmaking authority and in whom is vested the authority, or to whom the authority has been delegated, to appoint, employ, promote, or advance individuals or to recommend individuals for appointment, employment, promotion, or advancement in connection with employment in a charter school, including the authority as a member of a governing body of a charter school to vote on the appointment, employment, promotion, or advancement of individuals.

2. "Relative" means father, mother, son, daughter, brother, sister, uncle, aunt, first cousin, nephew, niece, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, stepfather,

stepmother, stepson, stepdaughter, stepbrother, stepsister, half brother, or half sister.

(b) Charter school personnel may not appoint, employ, promote, or advance, or advocate for appointment, employment, promotion, or advancement, in or to a position in the charter school in which the personnel are serving or over which the personnel exercises jurisdiction or control any individual who is a relative. An individual may not be appointed, employed, promoted, or advanced in or to a position in a charter school if such appointment, employment, promotion, or advancement has been advocated by charter school personnel who serve in or exercise jurisdiction or control over the charter school and who is a relative of the individual or if such appointment, employment, promotion, or advancement is made by the governing board of which a relative of the individual is a member.

(c) The approval of budgets does not constitute “jurisdiction or control” for the purposes of this subsection.

Charter school personnel in schools operated by a municipality or other public entity are subject to s. [112.3135](#).

(25) LOCAL EDUCATIONAL AGENCY STATUS FOR CERTAIN CHARTER SCHOOL SYSTEMS.—

(a) A charter school system’s governing board shall be designated a local educational agency for the purpose of receiving federal funds, the same as though the charter school system were a school district, if the governing board of the charter school system has adopted and filed a resolution with its sponsoring district school board and the Department of Education in which the governing board of the charter school system accepts the full responsibility for all local education agency requirements and the charter school system meets all of the following:

1. Has all schools located in the same county;
2. Has a total enrollment exceeding the total enrollment of at least one school district in the state; and
3. Has the same governing board.

(b) A charter school system’s governing board may be designated a local educational agency for the purpose of receiving federal funds for all schools within a school district that are established pursuant to s. [1008.33](#) and are under the jurisdiction of the governing board. The governing board must adopt and file a resolution with its sponsoring district school board and the Department of Education and accept full responsibility for all local educational agency requirements.

Such designation does not apply to other provisions unless specifically provided in law.

(26) STANDARDS OF CONDUCT AND FINANCIAL DISCLOSURE.—

(a) A member of a governing board of a charter school, including a charter school operated by a private entity, is subject to ss. [112.313\(2\)](#), (3), (7), and (12) and [112.3143\(3\)](#).

(b) A member of a governing board of a charter school operated by a municipality or other public entity is subject to s. [112.3145](#), which relates to the disclosure of financial interests.

(c) An employee of the charter school, or his or her spouse, or an employee of a charter management organization, or his or her spouse, may not be a member of the governing board of the charter school.

(27) MILITARY INSTALLATIONS.—

(a) The Legislature finds that military families face unique challenges due to the highly mobile nature of military service. Among the many challenges that military families face is providing a high-quality education for their children without disruption. The state has a compelling interest in assisting the development and enhancement of learning opportunities for military children and addressing their unique needs.

(b) It is the intent of the Legislature that a framework be established to address the needs of military children who, along with their families, face unique challenges due to the highly mobile nature of military service. In establishing this framework, military installation commanders are encouraged to collaboratively work with the Commissioner of Education to increase military family student achievement, which may include the establishment of charter schools on military installations. Although the State Board of Education, through the Commissioner of Education, shall supervise this collaboration, the applicable school district shall operate and maintain control over any school that is established on the military installation.

(28) RULEMAKING.—The Department of Education, after consultation with school districts and charter school directors, shall recommend that the State Board of Education adopt rules to implement specific subsections of this

section. Such rules shall require minimum paperwork and shall not limit charter school flexibility authorized by statute. The State Board of Education shall adopt rules, pursuant to ss. [120.536\(1\)](#) and [120.54](#), to implement a standard charter application form, standard application form for the replication of charter schools in a high-performing charter school system, standard evaluation instrument, and standard charter and charter renewal contracts in accordance with this section.

¹**Note.**—Section 49, ch. 2018-6, provides that:

“(1) The Department of Revenue is authorized, and all conditions are deemed to be met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of administering the provisions of this act.

“(2) Notwithstanding any other provision of law, emergency rules adopted pursuant to subsection (1) are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

“(3) This section shall take effect upon this act becoming a law and shall expire January 1, 2022.”

²**Note.**—Section 24, ch. 2019-23, provides that:

“(1) The Department of Revenue is authorized, and all conditions are deemed to be met, to adopt emergency rules pursuant to s. 120.54(4), Florida Statutes, for the purpose of administering the provisions of this act relating to the Hope Scholarship Program and Florida Tax Credit Scholarship Program.

“(2) Notwithstanding any other provision of law, emergency rules adopted pursuant to subsection (1) are effective for 6 months after adoption and may be renewed during the pendency of procedures to adopt permanent rules addressing the subject of the emergency rules.

“(3) This section shall take effect upon this act becoming a law and shall expire January 1, 2022.”
