The purpose and effect of the pilot program is to allow students to progress through Florida's Next Generation Sunshine State Standards (NGSSS) at their own pace. The State Board of Education-approved course descriptions that include the State Board of Education-approved NGSSS remain the foundation of instruction. The State Board of Education may authorize the commissioner to grant waiver of rules for eligible participants specific only to requirements associated with student progression and the awarding of credits. The school district is required to indicate how the law will be implemented in light of the requested waiver. Funding for students participating in the CBE Pilot Program will be reported pursuant to the requirements of Section 1011.62, F.S.
