**EXECUTIVE SUMMARY**

Senate Bill 366 amended ss. 1007.263, 1007.271, 1008.02, F.S., revising the methods students may use to demonstrate achievement in college-level communication and computation for developmental education, admissions into college credit programs, and dual enrollment eligibility purposes. In effect, this proposed revision allows approved alternative methods to be used in determinations of readiness for college-level work. SB 366 required the State Board of Education to adopt rules to develop and implement alternative placement methods.
