Data Element Name:	**Period Number**

A period is defined as the instructional time of the school day during which a class or section of a course is offered.

Standard meeting time courses to which the student is assigned should be coded as a beginning and ending period.

Valid codes include the range from 0000 to 8080, NN88 (where NN is numeric), 9800 (a class period for a course number corresponding to the end-of-course assessment that was passed by the student without being enrolled in the corresponding course), and 9999. (adult education classes with no standard meeting time).

Nonstandard meeting time courses to which the student is assigned for classes that meet differing periods during the week should be coded with the first two digits as the first period the class meets during the week and 88 for the third and fourth digits.
