Dear Presidents:

Please find attached to this email an updated draft of new proposed Rule 6A-14.0718, Prohibited Expenditures for Florida College System Institutions. This draft has also been posted to the State Board of Education's webpage for rules under review, where there is also an opportunity for individuals to obtain a copy and leave a comment, if desired. This is the draft that we will utilize for the rule development workshop on November 9, 2023, at 1:30 pm ET, a Zoom link for which is also on that webpage.

The link to the rules webpage is <https://web02.fldoe.org/rules/Default>, and the direct link to the draft of the rule language is https://web02.fldoe.org/rules/doc/6A-14.0718_3051.pdf. In addition, here is a link to section [1004.06](#), Florida Statutes. The Office of the Board of Governors has also now posted their revised draft regulation to their webpage.

We cannot thank you enough for the questions and comments you have provided so far, and I hope that you see some of those reflected in the updated draft language. Please let us know if there are additional questions or comments on this draft. Feel free to send those via email to me, to leave a comment through the State Board's webpage, or to share them during the rule workshop. Our team will forward this email to your business officers, chief academic officers, and foundation leads, and we hope you will distribute to others in your college for review and comment, as well.

Thank you, and we look forward to continued collaboration on this rule and its implementation.
