**SUBJECT:** Outreach Campaigns

During a recent survey, many expressed desire to understand more about the Florida Department of Education's current workforce education outreach campaigns: Get There, Future of Work Florida, Your Way, and Apprentice Florida. There are many components to each, with different targeted audiences and a variety of [resources](#) for our local education agencies/colleges. I wanted to provide an outline of each campaign, and invite you to help [share / promote](#) across your respective channels.

If you have any questions, please contact Samantha, copied here.

Many thanks!

Henry
