

# Florida Statewide Science Assessment & End-of-Course Assessments

## Science and Social Studies

First administered in 2012, the Statewide Science Assessment annually measures student achievement of the state academic standards in science. The Florida End-of-Course (EOC) Assessments are computer-based tests that measure the state academic standards in Biology 1, U.S. History and Civics, as outlined in their course descriptions. The Biology 1 EOC Assessment was administered for the first time in spring 2012; the U.S. History EOC Assessment was administered for the first time in spring 2013; and the Civics EOC Assessment was administered for the first time in spring 2014. Each EOC assessment is administered in the spring, summer, fall and winter.

### Achievement Levels

The Achievement Level definitions and cuts scores that apply to the assessments are provided below. Achievement Levels are referred to as Performance Levels on student reports.

Level 1	Level 2	Level 3	Level 4	Level 5
<b>Inadequate:</b> Highly likely to need substantial support for the next grade/course	<b>Below Satisfactory:</b> Likely to need substantial support for the next grade/course	<b>On Grade Level:</b> May need additional support for the next grade/course	<b>Proficient:</b> Likely to excel in the next grade/course	<b>Mastery:</b> Highly likely to excel in the next grade/course

**NOTES:**

- 1) Pursuant to [Florida Department of Education Emergency Order No. 2020-EO-1](#), spring K-12 statewide assessment test administrations for the 2019-20 school year were canceled; therefore, data are not reported for 2020.
- 2) For 2020-21, in accordance with [Florida Department of Education DOE Order No. 2021-EO-02](#), classes with state end-of-course (EOC) exams were not required to incorporate them as 30% of the final course grade.
- 3) Percentages displayed in this document for previous years may reflect minor differences from percentages published previously. This is because of the inclusion of additional assessment records reported after the initial publication of data.
- 4) Student performance on the 2012 Statewide Science Assessment and Biology 1 EOC Assessment presented in this document is reported using the Achievement Levels established by the State Board of Education in December 2012. The results were retrofitted to the established score scale and Achievement Levels so stakeholders can compare school years and see how students would have performed if the Achievement Levels had been established in 2012.
- 5) Biology 1 EOC performance in this document includes only student results for all first-time test takers for each administration during each school year.

#### NOTES:

- 1) Pursuant to [Florida Department of Education Emergency Order No. 2020-EO-1](#), spring K-12 statewide assessment test administrations for the 2019-20 school year were canceled; therefore, data are not reported for 2020.
- 2) For 2020-21, in accordance with [Florida Department of Education DOE Order No. 2021-EO-02](#), classes with state end-of-course (EOC) exams were not required to incorporate them as 30% of the final course grade.
- 3) Percentages displayed in this document for previous years may reflect minor differences from percentages published previously. This is because of the inclusion of additional assessment records reported after the initial publication of data.
- 4) Student performance on the 2013 U.S. History EOC Assessment presented in this document is reported using the Achievement Levels established by the State Board of Education in January 2014, and student performance on the 2014 Civics EOC Assessment is reported using the Achievement Levels established by the State Board of Education in January 2015. The results were retrofitted to the established score scales and Achievement Levels so stakeholders can compare school years and see how students would have performed if the Achievement Levels had been established at that time.
- 5) Social studies performance in this document includes student results for all first-time test takers for each administration offered each school year.
