

INTRODUCTION

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

- If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
- If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
- If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

Summary of revenue/expenditures available for new construction and remodeling projects only.

Planning

Class Size Reduction Planning

Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.

There are six schools of choice and 12 charter schools in the District. Schools of Choice, along with Choice Programs such as Academic (AICE and IB) and CTE (Career and Technical Education) Programs help to balance enrollment throughout the District. Additionally, there are five recognized Magnet Schools that also help to balance enrollment.

School Closure Planning

Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.

For the 2020-21 school year, the District discontinued its use of the South Area Head Start facility located at 1430 Knecht Road NE, Palm Bay, FL 32905. It is the intent of the District to dissolve their interest in the property, which is subject to Federal Interest and funds associated with Head Start grants. No revenue is expected from the transfer of the property.

There were no other school closures for the 2020-2021 school year. There are no plans at this time to close any schools for the remaining four years of the planning period.
