

**INTRODUCTION**

The 5-Year District Facilities Work Program is a very important document. The Department of Education, Legislature, Governor's Office, Division of Community Planning (growth management), local governments, and others use the work program information for various needs including funding, planning, and as the authoritative source for school facilities related information.

The district's facilities work program must be a complete, balanced capital outlay plan that is financially feasible. The first year of the work program is the districts capital outlay budget. To determine if the work program is balanced and financially feasible, the "Net Available Revenue" minus the "Funded Projects Costs" should sum to zero for "Remaining Funds".

- If the "Remaining Funds" balance is zero, then the plan is both balanced and financially feasible.
- If the "Remaining Funds" balance is negative, then the plan is neither balanced nor feasible.
- If the "Remaining Funds" balance is greater than zero, the plan may be feasible, but it is not balanced.

**Infrastructure Tracking**

**Necessary offsite infrastructure requirements resulting from expansions or new schools. This section should include infrastructure information related to capacity project schedules and other project schedules (Section 4).**

There are no new projects to expand facilities or add new schools during the 2023-24 School Year that would require any offsite infrastructure changes. The construction of a YMCA Partnership school (Mangrove Bay) will take place on a parcel that previously supported a larger school, so adjacent roadway level of service should not be negatively impacted. District Staff have coordinated with City Staff to address concerns from adjacent neighborhood residents about potential traffic. This Site is scheduled to open in the 2024-25 School Year.

**Proposed location of planned facilities, whether those locations are consistent with the comprehensive plans of all affected local governments, and recommendations for infrastructure and other improvements to land adjacent to existing facilities. Provisions of 1013.33(12), (13) and (14) and 1013.36 must be addressed for new facilities planned within the 1st three years of the plan (Section 5).**

The construction of the District's YMCA Partnership site (Mangrove Bay) is taking place on a parcel that previously housed a larger school. It will require no land use change.

**Consistent with Comp Plan?** Yes

**Net New Classrooms**

The number of classrooms, by grade level and type of construction, that were added during the last fiscal year.

List the net new classrooms added in the 2022 - 2023 fiscal year.					List the net new classrooms to be added in the 2023 - 2024 fiscal year.			
"Classrooms" is defined as capacity carrying classrooms that are added to increase capacity to enable the district to meet the Class Size Amendment.					Totals for fiscal year 2023 - 2024 should match totals in Section 15A.

## Planning

---

### Class Size Reduction Planning

**Plans approved by the school board that reduce the need for permanent student stations such as acceptable school capacity levels, redistricting, busing, year-round schools, charter schools, magnet schools, public-private partnerships, multitrack scheduling, grade level organization, block scheduling, or other alternatives.**

The Pinellas County School Board has reduced the need for permanent student stations in our district through a variety of initiatives. These initiatives include partnership schools and programs with St. Petersburg College and Pinellas Technical College, the creation and expansion of the Pinellas Virtual School, charter schools that enroll over 6,000 students and our robust District Application Programs (DAP). The DAPs include magnets, career academies and fundamental schools, enrolling over 28,000 students. Pinellas provides some transportation to our DAP programs at a considerable cost, helping to reduce the number of vacant student stations. There are currently 75+ DAPs and we annually assess the need to increase additional seats and programs. In addition, schools are staffed to maximize the use of classroom space, including up to 10% of teachers floating without a permanent classroom. Additionally, Pinellas County Schools has continued to expand our Voluntary Pre-Kindergarten programs, adding 40 classrooms over the past year to maximize the use of classroom space.

### School Closure Planning

**Plans for the closure of any school, including plans for disposition of the facility or usage of facility space, and anticipated revenues.**

Projections for Pinellas County Schools continue to demonstrate declining enrollment. With the mandated high school career academies, the class size amendment, a plan to reduce the number of leased relocatables, and the district's plan to increase magnet school offerings, PCS hopes that no additional schools, beyond those closed in 2009, will need to be closed. The School District reopened two closed elementary schools as Magnet Schools, and a new middle school magnet site in 2014-15 and another previously closed school as a new elementary magnet in 2019-2020. Enrollment data indicates these schools have attracted new students to the district. Additionally, six charter schools closed at the end of 2016-17. There are no plans to close any additional schools for 2023-24.
